

## PREQUALIFICATION TENDER 027/2010

# THE EPC TURNKEY DESIGN AND CONSTRUCTION OF THE NEW PORT OF WALVIS BAY CONTAINER TERMINAL ON RECLAIMED LAND, INCLUDING QUAYWALL, STS QUAY CRANES AND DREDGING WORKS

### PORT OF WALVIS BAY, NAMIBIA

Prequalification Tenders are hereby invited from eligible EPC Contractors with the relevant competencies, capacity and experience, to carry out the project works on an EPC Turnkey basis. The project works, which is more fully described in the tender documentation, includes but is not limited to the design and construction of all associated dredging and reclamation works, quaywall and revetment construction, container terminal construction consisting of buildings, pavement, roads, railways as well as all required container terminal electrical distribution systems. The supply, delivery, installation and testing of rail mounted Ship to Shore Quay Cranes is also included in this Tender.

The aim of this prequalification tender is to enable NAMPORT to eventually select a number of shortlisted tenderers who will then be invited to submit detailed tenders in a few months time.

Namport strongly encourages international tenderers to form partnerships, joint ventures and/or other commercial relationships with Namibian counterparts, enterprises, suppliers, sub-contractors and consultants.

#### TENDER DOCUMENTS

Tender documents will be available as from Monday the 6<sup>th</sup> of September 2010 and may be viewed, or bought from NAMPORT head office Reception, located at physical address: No.17, Rikumbi Kandanga Road, Walvis Bay, Namibia on payment of a non-refundable tender levy of N\$2,000.00 (Two Thousand Namibian dollars) per set inclusive of VAT payable in Namibia. Tender documents are not available in soft copy and can only be collected by hand, if bought.

#### TENDER CLOSING DATE

Tenders must be submitted as per the conditions of tender contained in the Tender documents before 12h00 (noon) on **Monday the 8<sup>th</sup> of November 2010**. No clarification meeting or site inspection is applicable for this prequalification round.
