26.5.2 **Price points**

The following formula will be used to calculate the points for price:

P_t = Comparative price of tender or offer under consideration; and

P_{min} = Comparative price of lowest acceptable tender or offer.

4	12
5	8
6	6
7	4
8	2
Non-compliant contributor	0

PART D: TERMS OF REFERENCE & PROJECT BRIEF

TERMS OF REFERENCE**APPOINTMENT OF A PSP TO REVIEW GUIDELINES FOR MUNICIPAL SPATIAL DEVELOPMENT FRAMEWORKS; METROPOLITAN GROWTH AND DEVELOPMENT STRATEGIES AND METROPOLITAN SECTOR STRATEGIES under the NATIONAL TREASURY - CITIES SUPPORT PROGRAMME**

1. Introduction**1.1 Context**

South African cities continue to face significant development challenges, despite the progress in expanding access to basic services. There are highly and visibly inequitable environments that exclude poor people from social and economic participation:

- a) The current pace of urban population growth is outstripping economic growth.
- b) Apartheid patterns of spatial segregation and exclusion persist, with poor people located in peripheral areas far from social and economic opportunities.
- c) Public transport, land and housing delivery systems are failing urban residents and
- d) These inequalities will be exacerbated by climate change

The ability of cities to respond to these challenges are exacerbated by the macro economic constraints to growth which impacts on cities. The underlying imperative of the Cities Support Programme is therefore to improve economic growth prospects in cities to help respond to the development challenges they face.

One area of support that the CSP provides to metros is planning reform. This is within a broader reform agenda that focuses on planning, budgeting and reporting reforms. Planning, budgeting and reporting reforms in cities to date, and especially the review of the IDP Guidelines by COGTA, have raised the issue of distinguishing between longer term planning and term-of-office planning and the resultant implications for achieving city transformation outcomes that require administrative and strategic stability and continuity in the face of political changes every 5 years at the very least. Hence the need to review the Guidelines for Municipal Spatial Development Frameworks; Metropolitan Growth and Development Strategies (also known as city development strategies) and metropolitan sector strategies.

1.1 Request for Assistance

This assignment will provide the CSP with technical assistance for the review of the Guidelines for Municipal Spatial Development Frameworks; Growth and Development Strategies (City Development Strategies) and metropolitan sector strategies. The Technical Assistant/Team will be required to: -

- b) Review the Guidelines for Growth and Development Strategies (City Development Strategies) done by the South African Cities Network (SACN); propose draft revised mero-specific guidelines.
- c) Review the recent development of sector strategies by some metropolitan municipalities; propose draft revised mero-specific guidelines.

- d) Based on the analysis above and factoring in the lessons learnt from the CSP Planning Reforms to date, propose the re-organisation of planning, budgeting and reporting frameworks, strategies, plans and reports for metropolitan municipalities.

It is anticipated that the technical assistant/team will be provided by a professional consultant/s who should have the following expertise: *'Extensive and current knowledge of urban development, particularly with respect to transit oriented development; economic development; human settlements; public transport; governance; spatial planning; programme preparation and resourcing; municipal finance; urban management; growth and development strategies and monitoring and reporting.'*

The technical assistants / consultants will work with the Project Manager for Planning Reforms who will facilitate work with the CSP Team and other relevant roleplayers. CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ **Includes price quotations, advertised competitive bids, limited bids and proposals.**

² **Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.**
