16.2 The Bidder is required to provide details of any interests, relationships or clients which may or do give rise to a conflict of interest in relation to the supply of the services under any contract that may result from this RFP. If the Bidder submits its Bid and a subsequent conflict of interest arises, or is likely to arise, which was not disclosed in the Bid, the Bidder must notify the DBSA immediately in writing of that conflict.

17.2 Bids delivered after the Closing Time or lodged at a location or in a manner that is contrary to that specified in this RFP will be disqualified from the Tendering Process and will be ineligible for consideration. However, a late Bid may be accepted where the Bidder can clearly demonstrate (to the satisfaction of the DBSA, in its sole discretion) that late lodgement of the Bid was caused by the DBSA; that access was denied or hindered in relation to the physical tender box; or that a major/critical incident hindered the delivery of the Bid and, in all cases, that the integrity of the Tendering Process will not be compromised by accepting a Bid after the Closing Time.

17.3 The determination of the DBSA as to the actual time that a Bid is lodged is final. Subject to clause 17.2, all Bids lodged after the Closing Time will be recorded by the DBSA and will only be opened for the purposes of identifying a business name and address of the Bidder. The DBSA will inform a Bidder whose Bid was lodged after the Closing Time of its ineligibility for consideration. The general operating practice is for the late Bid to be returned within 5 (five) working days of receipt or within 5 (five) working days after determination not to accept a late Bid.

18. BIDDER’S RESPONSIBILITIES

19.4 Where the Bidder is unwilling to accept a specified condition, the non-acceptance must be clearly and expressly stated. Prominence must be given to the statement detailing the non-acceptance. It is not sufficient that the statement appears only as part of an attachment to the Bid, or be included in a general statement of the Bidders usual operating conditions.

19.5 An incomplete Bid may be disqualified or assessed solely on the information completed or received with the Bid.

20. ILLEGIBLE CONTENT, ALTERATION AND ERASURES

20.1 Incomplete Bids may be disqualified or evaluated solely on information contained in the Bid.

20.2 The DBSA may disregard any content in a Tender that is illegible and will be under no obligation whatsoever to seek clarification from the Bidder.

20.3 The DBSA may permit a Bidder to correct an unintentional error in its Bid where that error becomes known or apparent after the Closing Time, but in no event will any correction be permitted if the DBSA reasonably considers that the correction would materially alter the substance of the Bid or effect the fairness of the Tendering Process.

21. OBLIGATION TO NOTIFY ERRORS

If, after a Bidder’s Response has been submitted, the Bidder becomes aware of an error in the Bidders Response (including an error in pricing, but excluding clerical errors which would have no bearing on the evaluation of the Bid), the Bidder must promptly notify the DBSA of such error.
22. RESPONSIBILITY FOR BIDDING COSTS

22.1 The Bidders participation or involvement in any stage of the Tendering Process is at the Bidders sole risk, cost and expense. The DBSA will not be held responsible for, or pay for, any expense or loss that may be incurred by Bidders in relation to the preparation or lodgement of their Bid.

22.2 The DBSA is not liable to the Bidder for any costs on the basis of any contractual, promissory or restitutionary grounds whatsoever as a consequence of any matter relating to the Bidders participation in the Tendering Process, including without limitation, instances where:

23.1.1 as required by law;

23.1.2 for the purpose of investigations by other government authorities having relevant jurisdiction;

</tbody>
</table>

**TOTAL** | 100

A minimum point of 70 out of 100 must be scored overall

26.4.2 A minimum of 70 points out of a 100 for the functional/ evaluation will qualify the Bid to move on to the second stage of evaluation, which is price and preferential points evaluation. Bidders that do not score 70 points or higher at this stage of the evaluation will not be evaluated during the second stage of the evaluation.

26.5 **Third Stage: Price and Preferential Points Assessment**

26.5.1 Subsequent to the evaluation of Qualifying Criteria and functional criteria, the third stage of evaluation of the Bids will be in respect of price and preferential procurement only. Points will be allocated to Bidders at this stage of the evaluation in accordance with the PPPFA and the PPPFA Regulations, as follows:

- **Price points**
  - 80
- **Preferential procurement points**
  - 20

26.5.2 **Price points**

The following formula will be used to calculate the points for price:

\[ Ps = 80(1-(Pt-Pmin)/Pmin) \]

Where:

- \( Ps \) = Points scored for comparative price of tender or offer under consideration;
- \( Pt \) = Comparative price of tender or offer under consideration;
- \( Pmin \) = Comparative price of lowest acceptable tender or offer.
26.5.3 Preferential procurement points
A maximum of 20 points may be awarded in respect of preferential procurement, which points must be awarded to a tenderer for attaining their B-BBEE Status Level in accordance with the table below:

<table>
<thead>
<tr>
<th>B-BBEE Status Level</th>
<th>Number of Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>1</td>

</tr>
<tr>

</tr>
<tr>
<td>7</td>
<td>4</td>
</tr>
<tr>
<td>8</td>
<td>2</td>
</tr>
<tr>
<td>Non-compliant contributor</td>
<td>0</td>
</tr>
</tbody>
</table>

An unincorporated trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate Bid.

26.5.4 Total
The total points scored by each Bidder will be calculated by adding the points scored for price (out of 80) to the points scored for preferential procurement (out of 20).

The successful Bidder will be the Bidder which has the highest total points (out of 100) for both price and preferential procurement (unless there is a basis for selecting a different successful Bidder in accordance with section 2(1)(f) of the PPPFA).

Provision of Technical Assistance for the Development of Knowledge Products for Planning Reforms under the National Treasury – Cities Support Programme

1. Introduction

2. Background to the CSP

1.1 Introduction

South African cities continue to face significant development challenges, despite the progress in expanding access to basic services. There are highly and visibly inequitable environments that exclude poor people from social and economic participation:

a) The current pace of urban population growth is outstripping economic growth.

b) Apartheid patterns of spatial segregation and exclusion persist, with poor people located in peripheral areas far from social and economic opportunities.

c) Public transport, land and housing delivery systems are failing urban residents and

d) These inequalities will be exacerbated by climate change

The ability of cities to respond to these challenges are exacerbated by the macroeconomic constraints to growth which impacts on cities. The underlying imperative of the Cities Support Programme is therefore to improve economic growth prospects in cities to help respond to the development challenges they face. CSP also supports the cities on planning reform and transversal management. The work on planning reforms over the last 5-6 years has raised the lack of standard development planning terminology in the sector as well as across sectors such as municipal finance and engineering. Transversal management requires basic understanding of key concepts and processes in the different functions/departments/sectors, and this may be aided by clarifying terminology used by the various functions/departments/sectors.

1.2 Request for Assistance

The CSP already has an existing body of knowledge on planning reforms developed in 2019. This was possible due to the June 2018 Planning Reforms Seminar that provided the opportunity to reflect on the planning reforms, BEPPs and the BEPP process over a five-year period, and the result has been documented. The documents can be accessed using the following web link: Planning Reforms Body of Knowledge. In summary the key documents that make up the Body of Knowledge are:

a) Outcomes-Led Planning
b) Strategy-Led Budgeting

c) Infrastructure-Led Growth through Spatially Targeted Public Investment

d) The value of tools and systems to assist with spatial planning and linking planning, budgeting and implementation.

e) Planning Reforms – International Perspectives

This assignment will provide the CSP with technical assistance for the development of additional knowledge products for Planning, Budgeting and Reporting Reforms. The Technical Team will be required to develop the following knowledge products:-

a) Development planning guide for municipal finance and engineering practitioners. This guide will also form the basis for the standardisation of development planning terminology.

b) Municipal finance guide for municipal development planning and engineering professionals;

c) City Infrastructure Delivery Management System guide for municipal finance and municipal development planning practitioners;

d) Collate existing and new knowledge products into one planning, budgeting and reporting guide as a knowledge product.

e) Adapt the knowledge products into training manual/s

It is anticipated that the technical team to provide technical assistance to the CSP will be comprised of a team of professional consultants who should have the following expertise: ‘Extensive and current knowledge of urban development, particularly with respect to transit oriented development; economic development; human settlements; public transport; governance; spatial planning; programme preparation and resourcing; municipal infrastructure, municipal finance and supply chain management; urban management; and government-wide monitoring and reporting.

The technical team will work with the Project Manager for Planning Reforms, who will facilitate work with the CSP and National Treasury Team, cities and other relevant roleplayers. The Technical Team should comprise of a range of expert professional consultants led by a project manager, a Lead Service Provider. Individuals, meeting a specific competency as outlined may apply if they form part of a consortium. Alternatively, a company may apply providing the CV’s of relevant employees and augment their staff complement for the project with associates who would work on the project.

In addition to the expertise required as outlined above, the skills required would include:

- Working knowledge of urban development issues is a necessity. Specific knowledge of urban development, municipal finance and municipal infrastructure management in South Africa is a distinct advantage.
- Advanced writing and editing skills.
• Skills in electronic design and layout of knowledge products.
• At least a basic degree in the built environment, media management, and publishing.
• At least 5 -10 years practical experience in publications writing, editing, design.

1.3 Main activities, deliverables and timeframes
The main activities that are required to be undertaken in terms of the development of the guides / knowledge products are outlined in the Table below:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.

3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   
a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.

   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
