5. **SUBMISSION OF TENDERS**

**Instructions:**

- Bidders are required to issue Tender Submission Link requests and all other enquiries to vusiSCM@dbsa.org ONLY;
- **No** – Tender Submission Link requests will be accepted after **16h00 on the 14th of August 2020**. Any requests after the stipulated date and time will be disregarded.
- Bidders will thereafter receive a OneDrive Link to upload their tender submission documents electronically.

**NB:** No Physical submission will be accepted for this bid. Bidders must ensure that they follow the instructions for the electronic submission.
6. RULES GOVERNING THIS RFP AND THE TENDERING PROCESS

6.1 Participation in the tender process is subject to compliance with the rules contained in this RFP Part C.

6.2 All persons (whether or not a participant in this tender process) having obtained or received this RFP may only use it, and the information contained herein, in compliance with the rules contained in this RFP.

6.3 All Bidders are deemed to accept the rules contained in this RFP Part C.

6.4 The rules contained in this RFP Part C apply to:
   6.4.1 The RFP and any other information given, received or made available in connection with this RFP, and any revisions or annexure;
   6.4.2 the Tendering Process; and
   6.4.3 any communications (including any briefings, presentations, meetings and negotiations) relating to the RFP or the Tendering Process.

7. STATUS OF REQUEST FOR PROPOSAL

7.1 This RFP is an invitation for person(s) to submit a proposal(s) for the provision of the services as set out in the Specification contained in this RFP. Accordingly, this RFP must not be construed, interpreted, or relied upon, whether expressly or implicitly, as an offer capable of acceptance by any person(s), or as creating any form of contractual, promissory or other rights. No binding contract or other understanding for the supply of services will exist between the DBSA and any Bidder unless and until the DBSA has executed a formal written contract with the successful Bidder.

8. ACCURACY OF REQUEST FOR PROPOSAL

8.1 Whilst all due care has been taken in connection with the preparation of this RFP, the DBSA makes no representations or warranties that the content in this RFP or any information communicated to or provided to Bidders during the Tendering Process is, or will be, accurate, current or complete. The DBSA, and its officers, employees and advisors will not be liable with respect to any information communicated which is not accurate, current or complete.

8.2 If a Bidder finds or reasonably believes it has found any discrepancy, ambiguity, error or inconsistency in this RFP or any other information provided by the DBSA (other than minor clerical matters), the Bidder must promptly notify the DBSA in writing of such discrepancy,
ambiguity, error or inconsistency in order to afford the DBSA an opportunity to consider what corrective action is necessary (if any).

8.3 Any actual discrepancy, ambiguity, error or inconsistency in this RFP or any other information provided by the DBSA will, if possible, be corrected and provided to all Bidders without attribution to the Bidder who provided the written notice.

9. ADDITIONS AND AMENDMENTS TO THE RFP
9.1 The DBSA reserves the right to change any information in, or to issue any addendum to this RFP before the Closing Time. The DBSA and its officers, employees and advisors will not be liable in connection with either the exercise of, or failure to exercise this right.
9.2 If the DBSA exercises its right to change information in terms of clause 9.1, it may seek amended Tenders from all Bidders.

10. REPRESENTATIONS
No representations made by or on behalf of the DBSA in relation to this RFP will be binding on the DBSA unless that representation is expressly incorporated into the contract ultimately entered into between the DBSA and the successful Bidder.

11. CONFIDENTIALITY
11.1 All persons (including all Bidders) obtaining or receiving this RFP and any other information in connection with this RFP or the Tendering Process must keep the contents of the RFP and other such information confidential, and not disclose or use the information except as required for the purpose of developing a proposal in response to this RFP.

12. REQUESTS FOR CLARIFICATION OR FURTHER INFORMATION
12.1 All communications relating to this RFP and the Tendering Process must be directed to the Tender Officer.
12.2 All questions or requests for further information or clarification of this RFP or any other document issued in connection with the Tendering Process must be submitted to the Tender Officer in writing, and most preferably by e-mail to vusiSCM@dbsa.org
12.3 Any communication by a Bidder to the DBSA will be effective upon receipt by the Tender Officer (provided such communication is in the required format).
12.4 The DBSA has restricted the period during which it will accept questions or requests for further information or clarification and reserves the right not to respond to any enquiry or request, irrespective of when such enquiry or request is received.
12.5 Except where the DBSA is of the opinion that issues raised apply only to an individual Bidder, questions submitted and answers provided will be made available to all Bidders by e-mail, as well as on the DBSA’s website without identifying the person or organisation which submitted the question.

12.6 In all other instances, the DBSA may directly provide any written notification or response to a Bidder by email to the address of the Bidder (as notified by the Bidder to the Tender Manager).

12.7 A Bidder may, by notifying the Tender Officer in writing, withdraw a question submitted in accordance with clause 12, in circumstances where the Bidder does not wish the DBSA to publish its response to the question to all Bidders.

13. UNAUTHORISED COMMUNICATIONS

13.1 Communications (including promotional or advertising activities) with staff of the DBSA or their advisors assisting with the Tendering Process are not permitted during the Tendering Process, or otherwise with the prior consent of the Tender Officer. Nothing in this clause 13 is intended to prevent communications with staff of, or advisors to, the DBSA to the extent that such communications do not relate to this RFP or the Tendering Process.

13.2 Bidders must not otherwise engage in any activities that may be perceived as, or that may have the effect of, influencing the outcomes of the Tendering Process in any way.

14. IMPROPER ASSISTANCE, FRAUD AND CORRUPTION

14.1 Bidders may not seek or obtain the assistance of employees of the DBSA in the preparation of their tender responses.

14.2 The DBSA may in its absolute discretion, immediately disqualify a Bidder that it believes has sought or obtained such improper assistance.

14.3 Bidders are to be familiar with the implications of contravening the Prevention and Combating of Corrupt Activities Act, 2004 and any other relevant legislation.

15. ANTI-COMPETITIVE CONDUCT

15.1 Bidders and their respective officers, employees, agents and advisors must not engage in any collusion, anti-competitive conduct or any other similar conduct in respect of this Tendering Process with any other Bidder or any other person(s) in relation to:

15.1.1 the preparation or lodgement of their Bid
15.1.2 the evaluation and clarification of their Bid; and
15.1.3 the conduct of negotiations with the DBSA.
15.2 For the purposes of this clause 15, collusion, anti-competitive conduct or any other similar conduct may include disclosure, exchange and clarification of information whether or not such information is confidential to the DBSA or any other Bidder or any other person or organisation.

15.3 In addition to any other remedies available to it under law or contract, the DBSA may, in its absolute discretion, immediately disqualify a Bidder that it believes has engaged in any collusive, anti-competitive conduct or any other similar conduct during or before the Tendering Process.

16. COMPLAINTS ABOUT THE TENDERING PROCESS

16.1 Any complaint about the RFP or the Tendering Process must be submitted to the Supply Chain Management Unit in writing, by email, immediately upon the cause of the complaint arising or becoming known to the Bidder, (vusiSCM@dbsa.org)

16.2 The written complaint must set out:

16.2.1 the basis for the complaint, specifying the issues involved;

16.2.2 how the subject of the complaint affects the organisation or person making the complaint;

16.2.3 any relevant background information; and

16.2.4 the outcome desired by the person or organisation making the complaint.

16.3 If the matter relates to the conduct of an employee of the DBSA, the complaint should be addressed in writing marked for the attention of the Chief Executive Officer of the DBSA, and delivered to the physical address of the DBSA, as notified.

17. CONFLICT OF INTEREST

17.1 A Bidder must not, and must ensure that its officers, employees, agents and advisors do not place themselves in a position that may give rise to actual, potential or perceived conflict of interest between the interests of the DBSA and the Bidder’s interests during the Tender Process.

17.2 The Bidder is required to provide details of any interests, relationships or clients which may or do give rise to a conflict of interest in relation to the supply of the services under any contract that may result from this RFP. If the Bidder submits its Bid and a subsequent conflict of interest arises, or is likely to arise, which was not disclosed in the Bid, the Bidder must notify the DBSA immediately in writing of that conflict.

17.3 The DBSA may immediately disqualify a Bidder from the Tendering Process if the Bidder fails to notify the DBSA of the conflict as required.
18. **LATE BIDS**

18.1 Bids must be delivered by the Closing Time. The Closing Time may be extended by the DBSA in its absolute discretion by providing written notice to Bidders.

18.2 Bids delivered after the Closing Time or lodged at a location or in a manner that is contrary to that specified in this RFP will be disqualified from the Tendering Process and will be ineligible for consideration. However, a late Bid may be accepted where the Bidder can clearly demonstrate (to the satisfaction of the DBSA, in its sole discretion) that late lodgement of the Bid was caused by the DBSA; that access was denied or hindered in relation to the physical tender box; or that a major/critical incident hindered the delivery of the Bid and, in all cases, that the integrity of the Tendering Process will not be compromised by accepting a Bid after the Closing Time.

18.3 The determination of the DBSA as to the actual time that a Bid is lodged is final. Subject to clause 18.2, all Bids lodged after the Closing Time will be recorded by the DBSA and will only be opened for the purposes of identifying a business name and address of the Bidder. The DBSA will inform a Bidder whose Bid was lodged after the Closing Time of its ineligibility for consideration. The general operating practice is for the late Bid to be returned within 5 (five) working days of receipt or within 5 (five) working days after determination not to accept a late Bid.

19. **BIDDER’S RESPONSIBILITIES**

19.1 Bidders are responsible for:

19.1.1 examining this RFP and any documents referenced or attached to this RFP and any other information made or to be made available by the DBSA to Bidders in connection with this RFP;

19.1.2 fully informing themselves in relation to all matters arising from this RFP, including all matters regarding the DBSA’s requirements for the provision of the Services;

19.1.3 ensuring that their Bids are accurate and complete;

19.1.4 making their own enquiries and assessing all risks regarding this RFP, and fully considering and incorporating the impact of any known and unknown risks into their Bid;

19.1.5 ensuring that they comply with all applicable laws in regards to the Tendering Process particularly as specified by National Treasury Regulations, Guidelines, Instruction Notes and Practice Notes and other relevant legislation as published from time to time in the Government Gazette; and

19.1.6 submitting all Compulsory Documents.
19.2 Bidders with annual total revenue of R10 million or less qualify as Exempted Micro Enterprises (EMEs) in terms of the B-BBEE Act must submit a certificate issued by a registered, independent auditor (who or which is not the Bidder or a part of the Bidder) or an accredited verification agency.

19.3 Bidders other than EMEs must submit their original and valid B-BBEE status level verification certificate or a certified copy, or a sworn affidavit thereof, substantiating their B-BBEE status. The submission of such certificates must comply with the requirements of instructions and guidelines issued by National Treasury and be in accordance with the applicable notices published by the Department of Trade and Industry in the Government Gazette.

19.4 The DBSA reserves the right to require of a Bidder, either before a Bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the DBSA.

19.5 Failure to provide the required information may result in disqualification of the Bidder.

20. PREPARATION OF BIDS

20.1 Bidders must ensure that:

20.1.1 their Bid is submitted in the required format as stipulated in this RFP; and
20.1.2 all the required information fields in the Bid are completed in full and contain the information requested by the DBSA.

20.2 The DBSA may in its absolute discretion reject a Bid that does not include the information requested or is not in the format required.

20.3 Unnecessarily elaborate responses or other representations beyond that which is sufficient to present a complete and effective tender proposal are not desired or required. Elaborate and expensive visual and other presentation aids are not necessary.

20.4 Where the Bidder is unwilling to accept a specified condition, the non-acceptance must be clearly and expressly stated. Prominence must be given to the statement detailing the non-acceptance. It is not sufficient that the statement appears only as part of an attachment to the Bid, or be included in a general statement of the Bidders usual operating conditions.

20.5 An incomplete Bid may be disqualified or assessed solely on the information completed or received with the Bid.

21. ILLEGIBLE CONTENT, ALTERATION AND ERASURES

21.1Incomplete Bids may be disqualified or evaluated solely on information contained in the Bid.

21.2 The DBSA may disregard any content in a Tender that is illegible and will be under no obligation whatsoever to seek clarification from the Bidder.
21.3 The DBSA may permit a Bidder to correct an unintentional error in its Bid where that error becomes known or apparent after the Closing Time, but in no event will any correction be permitted if the DBSA reasonably considers that the correction would materially alter the substance of the Bid or effect the fairness of the Tendering Process.

22. **OBLIGATION TO NOTIFY ERRORS**
If, after a Bidder’s Response has been submitted, the Bidder becomes aware of an error in the Bidders Response (including an error in pricing, but excluding clerical errors which would have no bearing on the evaluation of the Bid), the Bidder must promptly notify the DBSA of such error.

23. **RESPONSIBILITY FOR BIDDING COSTS**
23.1 The Bidders participation or involvement in any stage of the Tendering Process is at the Bidders sole risk, cost and expense. The DBSA will not be held responsible for, or pay for, any expense or loss that may be incurred by Bidders in relation to the preparation or lodgement of their Bid.

23.2 The DBSA is not liable to the Bidder for any costs on the basis of any contractual, promissory or restitutionary grounds whatsoever as a consequence of any matter relating to the Bidders participation in the Tendering Process, including without limitation, instances where:

23.2.1 the Bidder is not engaged to perform under any contract; or

23.2.2 the DBSA exercises any right under this RFP or at law.

24. **DISCLOSURE OF BID CONTENTS AND BID INFORMATION**
24.1 All Bids received by the DBSA will be treated as confidential. The DBSA will not disclose contents of any Bid and Bid information, except:

24.1.1 as required by law;

24.1.2 for the purpose of investigations by other government authorities having relevant jurisdiction;

24.1.3 to external consultants and advisors of the DBSA engaged to assist with the Tendering Process; or for the general information of Bidders required to be disclosed as per National Treasury Regulations, Guidelines, Instruction Notes or Practice Notes.
25. **USE OF BIDS**

25.1 Upon submission in accordance with the requirements relating to the submission of Bids, all Bids submitted become the property of the DBSA. Bidders will retain all ownership rights in any intellectual property contained in the Bids.

25.2 Each Bidder, by submission of their Bid, is deemed to have licensed the DBSA to reproduce the whole, or any portion, of their Bid for the sole purposes of enabling the DBSA to evaluate the Bid.

26. **BID ACCEPTANCE**

All Bids received must remain open for acceptance for a minimum period of 90 (Ninety) days from the Closing Time. This period may be extended by written mutual agreement between the DBSA and the Bidder.

27. **EVALUATION PROCESS**

27.1 The Bids will be evaluated and adjudicated as follows:

27.1.1 **First Stage – Test for administrative Responsiveness**

The test for administrative responsiveness will include the following:

**Stage 1: Responsiveness**

The Tenderer should be able to provide all the relevant information required in the Supplier Information Form (SIF) which will include but not limited to;

A. Tenderers who do not adhere to those criteria listed a PRE-QUALIFIER, will be disqualified immediately.

Only those Bidders which satisfy all of the Pre-Qualifying Criteria will be eligible to participate in the Tendering Process further. Bids which do not satisfy all of the Pre-Qualifying Criteria will not be evaluated further.

27.1.2 Second Stage – Functional criteria

27.1.1 Only those Bidders which score [70] points or higher (out of a possible 100) during the functional evaluation will be evaluated during the second stage of the Bid. Bidders are required to submit supporting documentation evidencing their compliance with each requirement, where applicable.
Bidders will be assessed on the functional criteria set out in this RFP. Only those Bidders which comply with the eligibility criteria will proceed to the next stage.

27.1.2 Third Stage – price and preferential points

27.1.2.1 Those Bidders which have passed the initial and first stages of the tender process will be scored on the basis of price and preference point allocation in accordance with the applicable legislation.

27.1.2.2 The successful Bidder will be the Bidder that scores the highest number of points in the second stage of the Bid evaluation, unless the DBSA exercises its right to cancel the RFP, in line with the PPPFA Regulations.

27.2 NB: Bidders are required to submit, as Annexure J to their Bids, any documentation which supports the responses provided in respect of the Eligibility Criteria below.

27.3 Qualification: Pre-Qualifying Criteria

Only those Bidders which satisfy all of the Pre-Qualifying Criteria will be eligible to participate in the Tendering Process further. Bids which do not satisfy all of the Pre-Qualifying Criteria will not be evaluated further. Please refer to the table above

Note: A tender that fails to meet any Pre-Qualifying Criteria stipulated herein in the tender documents is an unacceptable tender. Please refer to the table above

27.4 Second Stage: Functional Criteria

The Functional Criteria that will be used to test the capability of Bidders are as follows: The technical proposal will be evaluated according to the following criteria and scoring system. The technical score will be calculated out of 100 points, and only those bids that achieve a threshold of 70 points for the technical proposal will move to the next level of evaluation where a score for price and BBBEE.

**TOTAL** | **100** |
**Threshold** | **70** |

A minimum threshold for functionality of 70 (seventy) points is required. Bids that do not meet this threshold will automatically be disqualified for further evaluation. Thereafter, only the qualifying bids will be evaluated in terms of the 80/20 preference point system, where a maximum of 80 points are allocated for price and a maximum of 20 points are allocated in respect of the level of B-BBEE contribution of the bidder.

27.5 A minimum of 70 **points out of a 100** for the functional evaluation will qualify the Bid to move on to the second stage of evaluation, which is price and preferential point’s evaluation. Bidders that do not score 70 points or higher at this stage of the evaluation will not be evaluated during the second stage of the evaluation.

27.6 **Third Stage: Price and Preferential Points Assessment**

27.6.1 The second stage of evaluation of the Bids will be in respect of price and preferential procurement only. Points will be allocated to Bidders at this stage of the evaluation in accordance with the PPPFA and the PPPFA Regulations, as follows:
27.6.2 **Price points**
The following formula will be used to calculate the points for price:

\[ Ps = 80(1-(Pt-Pmin)/Pmin) \]

Where:
- \( Ps \) = Points scored for comparative price of tender or offer under consideration;
- \( Pt \) = Comparative price of tender or offer under consideration; and
- \( Pmin \) = Comparative price of lowest acceptable tender or offer.

27.6.3 **Preferential procurement points**

A maximum of 20 points may be awarded in respect of preferential procurement, which points must be awarded to a tenderer for attaining their B-BBEE Status Level in accordance with the table below:

<table>
<thead>

An unincorporated trust, consortium or joint venture will qualify for points for their B-BBEE status level as an unincorporated entity, provided that the entity submits their consolidated B-BBEE scorecard as if they were a group structure and that such a consolidated B-BBEE scorecard is prepared for every separate Bid.

27.6.4 **Total**
The total points scored by each Bidder will be calculated by adding the points scored for price (out of 80) to the points scored for preferential procurement (out of 20).

The successful Bidder will be the Bidder which has the highest total points (out of 100) for both price and preferential procurement (unless there is a basis for selecting a different successful Bidder in accordance with section 2(1)(f) of the PPPFA).
28. **STATUS OF BID**

28.1 Each Bid constitutes an irrevocable offer by the Bidder to the DBSA to provide the Services required and otherwise to satisfy the requirements of the Specification as set out in this RFP.

28.2 A Bid must not be conditional on:

28.2.1 the Board approval of the Bidder or any related governing body of the Bidder being obtained;

28.2.2 the Bidder conducting due diligence or any other form of enquiry or investigation;

28.2.3 the Bidder (or any other party) obtaining any regulatory approval or consent;

28.2.4 the Bidder obtaining the consent or approval of any third party; or

28.2.5 the Bidder stating that it wishes to discuss or negotiate any commercial terms of the contract.

28.3 The DBSA may, in its absolute discretion, disregard any Bid that is, or is stated to be, subject to any one or more of the conditions detailed above (or any other relevant conditions).

28.4 The DBSA reserves the right to accept a Bid in part or in whole or to negotiate with a Bidder in accordance with the provisions of this RFP and the applicable laws and regulations.

29. **CLARIFICATION OF BIDS**

29.1 The DBSA may seek clarification from and enter into discussions with any or all of the Bidders in relation to their Bid. The DBSA may use the information obtained when clarification is sought or discussions are had in interpreting the Bid and evaluating the cost and risk of accepting the Bid. Failure to supply clarification to the satisfaction of the DBSA may render the Bid liable to disqualification.

29.2 The DBSA is under no obligation to seek clarification of anything in a Bid and reserves the right to disregard any clarification that the DBSA considers to be unsolicited or otherwise impermissible or irrelevant in accordance with the rules set out in this RFP.

30. **DISCUSSION WITH BIDDERS**

30.1 The DBSA may elect to engage in detailed discussions with any one or more Bidder(s), with a view to maximising the benefits of this RFP as measured against the evaluation criteria and in fully understanding a Bidder’s offer.

30.2 As part of the evaluation of this Bid, DBSA will invite Bidders to give a presentation to the DBSA in relation to their submissions.

30.3 The DBSA is under no obligation to undertake discussions with, and Bidders.

30.4 In addition to presentations and discussions, the DBSA may request some or all Bidders to:

30.4.1 conduct a site visit, if applicable;
30.4.2 provide references or additional information; and/or
30.4.3 make themselves available for panel interviews.

31. SUCCESSFUL BIDS

31.1 Selection as a successful Bidder does not give rise to a contract (express or implied) between the successful Bidder and the DBSA for the supply of the Services. No legal relationship will exist between the DBSA and a successful Bidder for the supply of the Services until such time as a binding contract is executed by them.

31.2 The DBSA may, in its absolute discretion, decide not to enter into pre-contractual negotiations with a successful Bidder.

31.3 A Bidder is bound by its Bid and all other documents forming part of the Bidder’s Response and, if selected as a successful Bidder, must enter into a contract on the basis of the Bid with or without further negotiation.

32. NO OBLIGATION TO ENTER INTO CONTRACT

32.1 The DBSA is under no obligation to appoint a successful Bidder or Bidders (as the case may be), or to enter into a contract with a successful Bidder or any other person, if it is unable to identify a Bid that complies in all relevant respects with the requirements of the DBSA, or if due to changed circumstances, there is no longer a need for the Services requested, or if funds are no longer available to cover the total envisaged expenditure. For the avoidance of any doubt, in these circumstances the DBSA will be free to proceed via any alternative process.

32.2 The DBSA may conduct a debriefing session for all Bidders (successful and unsuccessful). Attendance at such debriefing session is optional.

33. BIDDER WARRANTIES

33.1 By submitting a Bid, a Bidder warrants that:

33.1.1 it did not rely on any express or implied statement, warranty or representation, whether oral, written, or otherwise made by or on behalf of the DBSA, its officers, employees, or advisers other than any statement, warranty or representation expressly contained in the RFP;

33.1.2 it did not use the improper assistance of DBSA’s employees or information unlawfully obtained from them in compiling its Bid;

33.1.3 it is responsible for all costs and expenses related to the preparation and lodgement of its Bid, any subsequent negotiation, and any future process connected with or relating to the Tendering Process;
33.1.4 it accepts and will comply with the terms set out in this RFP; and
33.1.5 it will provide additional information in a timely manner as requested by the DBSA to clarify any matters contained in the Bid.

34. DBSA’S RIGHTS
34.1 Notwithstanding anything else in this RFP, and without limiting its rights at law or otherwise, the DBSA reserves the right, in its absolute discretion at any time, to:
34.1.1 cease to proceed with, or suspend the Tendering Process prior to the execution of a formal written contract;
34.1.2 alter the structure and/or the timing of this RFP or the Tendering Process;
34.1.3 vary or extend any time or date specified in this RFP;
34.1.4 terminate the participation of any Bidder or any other person in the Tendering Process;
34.1.5 require additional information or clarification from any Bidder or any other person;
34.1.6 provide additional information or clarification;
34.1.7 negotiate with any one or more Bidder;
34.1.8 call for new Bid;
34.1.9 reject any Bid received after the Closing Time; or
34.1.10 reject any Bid that does not comply with the requirements of this RFP.

35. GOVERNING LAWS
35.1 This RFP and the Tendering Process are governed by the laws of the Republic of South Africa.
35.2 Each Bidder must comply with all relevant laws in preparing and lodging its Bid and in taking part in the Tendering Process.
35.3 All Bids must be completed using the English language and all costing must be in South African Rand.

36. MANDATORY QUESTIONS
36.1 Bidders shall provide full and accurate answers to all (including mandatory) questions posed in this document, and, are required to explicitly state "Comply/Accept" or "Do not comply/Do not accept" (with a √ or an X) regarding compliance with the requirements. Where necessary, the Bidders shall substantiate their response to a specific question.
NOTE: It is mandatory for Bidders to complete or answer this part fully; failure to do so result the Bid being treated as incomplete and the Bid may be disqualified.

PART E

TERMS OF REFERENCE & PROJECT BRIEF
SOUTH AFRICA IS CONSIDERED TO BE A SEVERELY WATER SCARCE COUNTRY and is projecting a 17% water deficit by 2030 (National Water and Sanitation Master Plan, 2018) (“NWSMP”). South Africa is regarded as the world’s 30th driest country. The IPCC SR1.5 (2018) identified southern Africa as a climate change hot-spot, likely to become generally drier, and warming at about twice the global rate of temperature increase. The southern African region is regarded as one of the most vulnerable regions to climate change in Africa due to its envisaged low adaptive capacity and vulnerability (CSIR 2017). In South Africa, close to 5.7 million people do not have access to basic water. According to the NWSMP there is a need to optimise the water mix which is currently strongly dominated by surface water, with some groundwater and return flows, to a water mix that includes increased groundwater use, re-use of effluent from waste water treatment plants, water reclamation, as well as desalination and treated acid mine drainage. Despite being a water scarce country, the country is continuing to lose this valuable resource down its rivers and into the ocean. The improvement of water conservation, water quality and water-use efficiency is a key national priority, when compared against a global rainfall average of 870 mm per year, the country only receives 450mm. Water is unsustainably being utilised – demand is outstripping supply.

Climate change adaptation requires water reuse be addressed more systematically and at scale. The National Development Plan (NDP2012) frames the required response to water stress be delivered though a climate sensitive lens - wastewater re-use is regarded as necessary to offset demands on water resources. There is also a climate mitigation potential in some water reuse systems where such schemes reduce energy required to transport water and reduce GHG emissions (due to energy savings). Improved sludge management and energy generation/supply from biogas and biosolids can reduce GHG emissions although this is dependent on type of technologies used.

The Development Bank of Southern Africa has partnered with various government departments (incl the Department of Water and Sanitation (DWS), the Department of Cooperative Governance and Traditional Affairs (COGTA), and the National treasury (NT)) for the development of a National Water Reuse Programme (“WRP”). As an Accredited Entity of the Green Climate Fund (“GCF”), the DBSA has also submitted a proposal to the GCF to support the design and implementation of the WRP in South Africa.

**Key aspects of the proposed WRP:**

1. A National Programme for South Africa
2. encourage and assist municipalities with the scaling of their water reuse projects and programmes
3. support activities to include:
   a. identify and conceptualise large scale water reuse projects
   b. project preparation support to progress municipal reuse projects to a bankable stage.

Project preparation funding will be made available by project sponsors, project
owners (municipalities), the DBSA, the SA Government and others, which will cover the costs up to financial close.

c. blended finance solution that will allow municipalities an alternative (and competitively priced) option to fund the implementation of such reuse projects and programmes

4. water reuse projects will not be limited to only water reuse but will include all opportunities including:
   a. water reclamation (incl associated improvements in ecological infrastructure)
   b. sludge management / beneficiation
   c. biogas to energy generation

5. blended finance solution will be designed around a ‘funding platform’ concept which will allow the crowding in of commercial funding (commercial banks, asset managers, pension funds and other institutional investors) alongside DFI, concessional and grant funding

6. ultimate objective is to create a new financial asset class around water reuse infrastructure in SA

Envisaged Water Reuse Programme components:

**Component 1** – Establish a national water reuse programme (programme office or similar appropriate structure/solution) that will support the preparation, financing and implementation of municipal water reuse projects

The establishment and resourcing of a national water reuse programme office will provide an opportunity to support municipalities as primary custodians of sewerage effluent reuse opportunities, to identify, prepare, finance and implement water reuse projects at scale. It is envisaged that this water reuse programme office will become the “one stop solution provider” or “center of excellence” for municipal water reuse projects in the country (similar to the IPP Office established as part of the REIPP programme in SA). The proposed establishment of a water reuse programme office will include the following:

- the establishment of a panel of service providers to assist in the scoping and preparation of water reuse projects
- the standardization of contracting documents, procurement of professional service providers and contractors
- apply best practice design and innovative technology
- apply lessons learnt (locally as well as internationally)
- cost optimization and savings
- reserve determinations and water reuse allocations for individual municipal areas within water catchments
- centralised communication platform

A national and regional public awareness and education process will be required to ensure the successful scaling and implementation of water reuse projects in South Africa. It is envisaged that
such a stakeholder engagement, learning and communication strategy can also be driven and coordinated by the water reuse programme office. From a perspective of public perception, education and awareness:

- Public perception, social, cultural and religious beliefs often prevent direct potable reuse options from being considered, despite being able to treat water to required standards
- Indirect potable reuse and blending options are available that may be socially more acceptable than direct (“toilet-to-tap”) potable reuse options (perceptions)
- Ironically, the country is already exposed to some form of reuse with the unintended consequence that such reuse is unplanned, uncontrolled and unmonitored with negative environmental and health implications. Intentional and planned reuse projects manage risks and monitors and controls quality far more effectively

The Water Research Commission has done significant research and groundwork on the technical and water quality aspects of water re-use. The WRC has also done several studies on social and cultural perceptions of water re-use, including a recent study which measures the South African public’s current awareness and understanding of aspects of water re-use. The proposed programme design will build on the WRC work and test the public’s perception of the WRP.

Amongst the key drivers affecting water reuse choices, water quality, the cost relative to other water supply options and the social, cultural and religious perceptions rank the highest:

- water quality requirements are highly achievable although it may come at a cost – continuous improvements in technology is however driving this cost down
- importance of cost reflective tariffs to ensure bankable revenue streams
- security of supply often results in water users willing to pay more for water to ensure availability
- water reuse ranks favorable when compared to other water source options, specifically sea water desalination

Component 2 – Creating an enabling financial institutional environment - Alternative funding solution – establishment of water reuse infrastructure as a new asset class

The opportunity exists to develop an alternative funding solution to support the scaled roll out / implementation of water reuse projects in SA. The key outputs associated with the development of such a funding solution includes:

- To create a new asset class by using credit enhancement to crowd in private sector funding targeted towards developing debt capital market (“DCM”) instruments around a specific asset class
- Asset class of larger scale water reuse infrastructure assets that offer acceptable financial returns but are in line with ESG impacts and help to meet the UN SDGs (Goal 6 – safe and clean water and sanitation; Goal 14 – sustainable oceans and Goal 17 – Partnerships with the involvement of the private sector)
- Project bonds will define the asset class – arguably the best suited instrument to fund large scale infrastructure related projects and programmes
• The use of credit enhancement to support the blended finance approach:
  o 1st loss / subordinated facilities
  o Tenor extension
  o Guarantees
• The construction period lends itself to the use of a “construction” project bond that can be refinanced in full or part through post construction bonds. Consideration will also be given to finance the construction activities with a DFI/commercial bank construction loan and then to refinance with a project bond at COD. Bond subscribers will in such a case not take construction risk.

The purpose of this RFP is to procure the services of a team of consultants / advisors (professional service provider) that will be responsible for the design of the WRP. The scope of work is of a diverse nature and it is not expected that the required services can be provided from within a single organization, and for this reason bidders will be required to compile a team of advisors that will be managed by a Lead Consultant / Advisor (with who the DBSA will contract). The successful Professional Service Provider team will work with the DBSA team to design the WRP.

II. OBJECTIVES OF THE PROPOSED PROFESSIONAL SERVICES ASSIGNMENT

Professional Service Provider to conduct a programme design as preparation of a South African Water Reuse Programme (“WRP”). The WRP will comprise two components being (i) the establishment of a national water reuse programme (programme support office) and (ii) a blended finance option to support the scaled implementation of water reuse projects in SA. In order to design the programme and to prepare for possible GCF Implementation Support, the following activities will be conducted as part of the Programme Design phase:

A. Programme feasibility study / programme design:
   1. Technical & needs assessment
   2. Detailed climate impact assessment
   3. Design of the financial architecture and financial structure/solution
   4. Communication and education assessment – social acceptance

B. Identification of programme/project level indicators
   1. Programme operational guidelines including eligibility criteria
   2. Programme Management Office guidelines

C. Environmental, social and gender studies
   1. Gender action plan
   2. Environmental and social management framework

D. Risk assessment

E. Preparation of full Funding Proposal to the GCF

The detailed scope of work for the activities listed above is provided below.
The objective is to appoint a Lead Professional Service Provider with the following capabilities (either in-house or sub-contracted specialists/experts):

- A technical specialist(s)/expert(s)/firm that will be responsible for the technical assessment and programme design as outlined in the scope of work;
- A climate specialist(s)/expert(s)/firm specializing in climate change that will be responsible for the development of a detailed climate impact assessment for the WRP;
- A financing specialist(s)/expert(s)/firm that will work with the DBSA and its selected financing institution to design the financial architecture and financial structure/solution for the WRP;
- A communications specialist(s)/expert(s)/firm that will prepare a detailed action plan to take the “communication strategy for water re-use in South Africa” performed by the Water Research Commission (WRC) and Department of Water & Sanitation (DWS) into action;
- A programme design / M&E / legal specialist(s)/expert(s)/firm that will be responsible for the design of the programme level indicators;
- A gender specialist(s)/expert(s)/firm with the primary objective to prepare a gender assessment and project level gender action plan. As part of this, a high-level gender responsive market study should be conducted to understand and enhance the WRP’s positive impact on gender equality. This will include understanding the impact of water reuse on gender, and will inform the formulation of the project concept design and help ensure diversity is addressed throughout the lifecycle of the WRP;
- An environmental and social safeguard specialist(s)/expert(s)/firm with the primary objective to prepare an Environmental & Social Safeguard study, including an Environmental & Social Management Framework of the proposed WRP. The findings will inform the formulation of the project concept design and mitigate all environmental/social risks identified through stakeholder engagement;
- A risk management specialist(s)/expert(s)/firm that will be responsible for conducting a detailed risk assessment for the WRP

III. SCOPE OF WORK

A. PROGRAMME DESIGN

1) Technical and needs assessment
   a) WRP Programme description
      i) Describe the proposed set of components, outputs and activities that lead to the expected Fund-level impact and outcome results. Components should reflect the project/programme level outcomes.

---

1 An expert with experience in both the environmental and social aspects will be sought. However, in the event that this is not possible and 2 experts may be required to conduct the study, the budget would be split accordingly.
ii) Describe why this set of interventions was selected instead of alternative solutions and how the WRP can help unlock the needed support in a sustainable manner. Identify trade-offs of the selected interventions, if applicable.

iii) Describe the selection criteria of the sub-project and types.

iv) Customer analytics and tariff/pricing structures investigation and recommendations

b) Capacity building and technology development / transfer

i) Describe potential capacity building and technology development and transfer arrangements

c) Programme scaling and replication (paradigm shift)

i) Describe the degree to which the WRP can catalyze impact beyond a one-off project investment incl. scaling and replication, knowledge sharing and learning, creation of an enabling environment, regulatory framework and policies, contribution towards climate resilient development pathways consistent with relevant National climate change adaptation strategies and plans

d) Detailed market study and needs assessment

i) Determine need and potential for water reuse

ii) Determine need and potential for sludge beneficiation

iii) Determine need and potential for electricity generation from waste and biogas

iv) Projected trends in water demand and wastewater production from selected urban centers, given the competing drivers for wastewater of population growth and water demand management

v) Details on the markets for treated wastewater and the ability to pay in each of these markets

vi) Project pipeline evaluation: identify projects, state of readiness, gaps in BFS, time and cost to complete, etc.

e) Capacity and Capability assessment

i) Linked to WRP priorities, identify and prioritise all relevant stakeholders to engage with and develop a capacity and capability plan that will support the implementation of the WRP;

ii) Consolidate a capability gap analysis and needs assessment based on previous studies undertaken (incl SMMEs and beneficiation)

iii) Map the WRP capacity and capabilities against prioritised areas/institutions

iv) Identify opportunities to fill capability gaps

v) Recommend practical actions and objectives to implement in the project.

f) Project level Capacity and Capability Plan

i) Using the findings from the Needs assessment, identify capacity and capability building activities, performance indicators, timelines, responsibilities and anticipated budget against each of the planned activities to be included in the programme’s activity logframe;

ii) Include a beneficiation/SMME support recommendations/chapter in the Capacity and Capability Support Plan
g) Detailed implementation plan

2) Climate impact assessment
   a) Climate context
      i) Climate change problem
      ii) Adaptation needs (climate hazards and associates risks based on impacts, exposure, and vulnerabilities) that the WRP are intended to address
      iii) Describe the most likely scenario (prevailing conditions or other alternative) that would remain or continue in the absence of the proposed interventions
      iv) Methodologies used to derive such information
      v) Describe the target region/area of the proposed WRP including information on the demographics, economy, topography, etc
      vi) Describe any recent or ongoing projects/interventions that are related to the proposal from other domestic or international sources of funding, such as the Global Environment Facility, Adaptation Fund, Climate Investment Funds, etc., and how they will be complemented by the WRP (e.g. scaling up, replication, etc.). Also identify current gaps and barriers regarding recent or ongoing projects and elaborate further how this project/programme complements or addresses these

b) Theory of change
   i) Describe the theory of change (incl diagram) and provide information on how it serves to shift the development pathway towards a low-emission and/or climate resilient direction
   ii) Include any barriers (social, gender, fiscal, regulatory, technological, financial, ecological, institutional, etc., as relevant) that need to be addressed
   iii) Use a results chain of inputs, activities, outputs, outcomes, and impact statements, and identify the how and why of causal relations to deliver the WRP’s expected results

3) Design of the financial architecture and financial structure/solution. The appointed service provider will lead this work stream with support and input be provided by the DBSA Team (DBSA and its selected financing institution) on the following items 3.b.ii – 3.b.iv, 3.c.iii, 3.c.iv, 3.f (also marked in bold below).
   a) Implementation arrangements
      i) Describe the WRP implementation structure, outlining legal, contractual, institutional and financial arrangements from and between the GCF, the DBSA and/or the Executing Entity(ies) (EE) or any third parties (if applicable) and beneficiaries
      ii) Design of governance arrangements (supervisory boards, consultative groups among others) set to oversee and guide the WRP implementation. Provide a composition of the decision-making body and oversight function.
      iii) Design of the financial flows and implementation arrangements (legal and contractual) between the DBSA and the EE, between the EE or any third party and beneficiaries.
iv) Provide a diagram(s) or organogram(s) that maps such arrangements including the governance structure, legal arrangements, and the flow and reflow of funds between entities.

b) Justification for GCF funding request
   i) Motivate the reasons for the WRP requiring GCF funding, i.e. Why is the WRP not currently being financed by public and/or private sector? Which market failure is being addressed with GCF funding? Are there any other domestic or international sources of financing?
   ii) Explain why the proposed financial instruments were selected in light of the proposed activities and the overall financing package. i.e. What is the coherence between activities financed by grants and those financed by reimbursable funds? How were co-financing amounts and prices determined? How does the concessionality of the GCF financing compare to that of the co-financing? If applicable, provide a short market read on the prevailing of the pricing and/or financial markets for similar projects/programmes (DBSA Team support and input).
   iii) Justify why the level of concessionality of the GCF financial instrument(s) is the minimum required to make the investment viable. Additionally, how does the financial structure and the proposed pricing fit with the concept of minimum concessionality? Who benefits from concessionality? (DBSA Team support and input)
   iv) Consider the risk sharing structure between the public and private sectors, the barriers to investment and the indebtedness of the recipient (DBSA Team support and input)
   v) Support with relevant economic / financial analysis (spreadsheet models) including GCF financial instruments, co-financing arrangements, blended finance arrangements (DBSA Team support and input)
   vi) Design a currency exchange rate hedging facility (the cost of which will be included and priced in the loan) (DBSA Team support and input)
   vii) Detailed budget plan

c) Efficiency and effectiveness
   i) Describe how the financial structure is adequate and reasonable in order to achieve the WRP objectives, including addressing existing bottlenecks and/or barriers, and providing the minimum concessionality to ensure the WRP is viable without crowding out private and other public investments
   ii) Describe the efficiency and effectiveness of the proposed WRP, taking into account the total financing and adaptation impact the WRP aims to achieve, and explain how this compares to an appropriate benchmark.
   iii) Specify the expected economic rate of return based on a comparison of the scenarios with and without the WRP. (DBSA Team support and input)
iv) Specify the expected financial rate of return with and without GCF support to illustrate the need for GCF funding to ensure overall cost effectiveness. (DBSA Team support and input)

v) Explain how best available technologies and practices have been considered and applied. Specify the innovations/modifications/adjustments that are made based on industry best practices.

d) Financial management and procurement
   i) Describe the WRP’s financial management including the financial monitoring systems, financial accounting, auditing, and disbursement structure and methods.
   ii) Articulate any procurement issues that may require attention, e.g. procurement implementation arrangements and the role of the AE under the respective proposal, articulation of procurement risk assessment undertaken and how that will be managed by the AE or the implementing agency.
   iii) Develop detailed procurement plan

e) Legal due diligence (regulation, taxation and insurance)

f) Term sheet including a detailed disbursement schedule and, repayment schedule (DBSA Team support and input)

g) Provide input into the design of a water reuse project bond programme (the majority of this work will be performed by the DBSA team with support and input from the appointed service provider)

4) Communication and education assessment – social acceptance
   a) Consultations and stakeholder engagement plan – to build on the work that has already been done by the WRC and others
   b) Develop a plan to take the Communication Strategy for Water Re-use into action (implementation will only happen once the PMO has been established and the work outlined below is therefore aimed at developing the plan for such execution):
      i) Establishment of a coordinating body (the PMO) that will coordinate and monitor the actions
      ii) Design mechanisms to evaluated and monitor progress i.e. track public knowledge of water re-use and related aspects, general improvement in public knowledge of water re-use and related aspects can be measured against the findings of the baseline study, and develop a channel through which the public can continuously express their knowledge needs
      iii) Development of a central hub of resources i.e. online in the form of a website (and an associated App) and would include a full range of communication resources, including resources aimed at general public education and resources for water re-use projects
   iv) Support to be provided for training and education purposes to municipalities and the Department of Basic Education
   v) Harnessing the support and involvement of business
   c) Design a standardized approach and communication strategy which can be used and applied by municipalities on individual projects.
Deliverable:

- Programme design report capturing the programme design elements outlined in A1-A4 above including:
  - Detailed market study
  - Financial architecture and financial structure/solution
  - Detailed implementation plan
  - Detailed budget plan
  - Capacity and Capability Support Plan
  - Detailed procurement plan
  - Legal due diligence
  - Term sheet, disbursement schedule, repayment schedule
  - Consultation and stakeholder engagement plan
  - Communication Strategy for Water Re-use action plan and standardized approach and communication strategy for individual projects

C. PROGRAMME LEVEL INDICATORS

1) Programme operational guidelines including eligibility criteria
   a) Programme sustainability
      i) Explain how the WRP sustainability (financial, institutional, social, gender equality, environmental) will be ensured in the long run after project closure, including how the project’s results and benefits will be sustained.
      ii) Include information pertaining to the longer-term ownership, WRP exit strategy, operations and maintenance of investments (e.g. key infrastructure, assets, contractual arrangements)
      iii) Provide information on additional actions to be undertaken by public and private sector or civil society as a consequence of the WRP implementation for scaling up and continuing best practices
   b) Impact potential
      i) Describe the potential of the WRP to contribute to the achievement of the Fund’s objectives and result areas.
      ii) Describe the envisaged WRP impact on adaptation. Provide the impact for adaptation by elaborating on how the WRP contributes to increased climate-resilient sustainable development. Calculations should be provided. This should be consistent with reporting GCF’s core indicators.
   c) Sustainable development
      i) Describe the wider benefits and priorities of the WRP in relation to the Sustainable Development Goals and provide an estimation of the impact potential in terms of (i) environmental co-benefits, (ii) social co-benefits including health impacts, (iii) economic co-benefits and (iv) gender-sensitive development impact
d) Country and beneficiary needs
   i) Describe the scale and intensity of vulnerability of SA and beneficiary groups and elaborate how the WRP addresses the issue (e.g. the level of exposure to climate risks for beneficiary country and groups, overall income level, etc.). Describe how the project/programme addresses the following needs:
      (1) Vulnerability of the country and/or specific vulnerable groups, including gender aspects (for adaptation only)
      (2) Economic and social development level of the country and the affected population
      (3) Absence of alternative sources of financing (e.g. fiscal or balance of payments gap that prevents government from addressing the needs of the country; and lack of depth and history in the local capital market)
      (4) Need for strengthening institutions and implementation capacity

e) Core indicator targets
   i) Provide specific numerical values for the GCF core indicators to be achieved by the WRP. Methodologies for the calculations should be provided
   ii) Report on fund-level impacts
   iii) Report on fund-level outcomes

f) WRP performance indicators
   i) The performance indicators for progress reporting during implementation should seek to measure pre-existing conditions, progress and results at the most relevant level for ease of GCF monitoring and AE reporting

g) Monitoring, evaluation and reporting arrangements
   i) Describe WRP specific arrangements for monitoring and evaluation. Provide the types of interim and final evaluations
   ii) Describe frequency of reporting on project indicators, implementation challenges and financial status.
   iii) Monitoring and evaluation plan

2) Programme Management Office (PMO) guidelines
   a) Develop programme implementation guidelines
      i) Mandate and scope of the WRP
      ii) Roles and responsibilities of parties
      iii) Oversight committee of PMO
      iv) Planning and reporting
      v) Programme planning, procurement and implementation
      vi) Funding management
      vii) Staff and procurement, incl gender expert tasked with the implementation and monitoring of the gender action plan
      viii) Development of job descriptions / specifications for the proposed PMO roles and positions (staffing of the PMO)
      ix) PMO management
   b) Procurement plan
Design a detailed procurement plan (including qualification and assessment criteria) for the WRP Programme Management Office which should include:

1. Procurement of professional service providers
2. Procurement of technology providers (if required)
3. Procurement of contractors / implementers

A comprehensive review and recommendation of various procurement models including panels of service providers, framework contracts, etc.

c) Standardised documentation

i) Develop standard documentation including but not limited to:
   1. Terms of reference for scoping / pre-feasibility study documents
   2. Terms of reference for bankable project feasibility studies
   3. Standardised contracting documents for construction / implementation
   4. Standard term sheets and financing / loan agreements for various funding options agreed
   5. Project monitoring and reporting templates and documents

Deliverable:

- Programme guidelines capturing the programme level indicator design elements outlined in B1-B2 above including:
  - Monitoring and evaluation plan
  - PMO implementation guidelines

D. ENVIRONMENTAL, SOCIAL AND GENDER STUDIES

1) Gender assessment and gender action plan
   a) Gender Assessment:

      i) Working closely with the DBSA, conduct a gender assessment which includes:
         1. Identification of Country specific regulatory framework on Gender;
         2. Evidence on gender issues at: National level, Municipal and within the water reuse context.

      ii) Identification of existing Equality and Diversity Policies and commitments to Gender equality by the Municipalities

      iii) Identify and prioritise all relevant stakeholders to engage with and develop a Stakeholder Engagement Plan. This stakeholder engagement should be used to identify the needs and priorities of men and women that the project will address. Example of stakeholders would include relevant public and private sectors, ministries, women’s groups and NGOs, and the local communities etc. to improve gender equality and empowerment outcomes for the project.
iv) Identify challenges and opportunities presented for women and ensure collection of information on needs and priorities of women and men in relation to the programme is conducted. The assessment of challenges and opportunities should also include economic as well as social dimensions i.e. (differences between rural and urban areas and between different income groups) so that the programme will be able to meet its objectives.

v) Conduct a Gender analysis from information collected focusing on below aspects:

1) Identify the underlying root causes for the inequalities that exist and devise mechanisms to address the inequalities in order to meet the objectives of the program.

2) Provide analysis of the challenges and source of vulnerabilities

3) Analysis of existence of enabling environment to address gender issue and women’s empowerment in the country and within the sector.

vi) Establish an Independent Grievance Redress Mechanism (IGRM) process to address and resolve all complaints emanating from the programme/project

vii) Assess of Gender based violence against women or domestic violence and whether this will pose an additional challenge to the programme/project.

viii) Assess if there are potential risks to achieving the gender related results.

ix) Make practical recommendations on opportunities or entry points that ensure the participation and access to programme benefits by both men and women.

x) Examine the roles, rights and differential needs of women and men in the context of water reuse in South Africa through stakeholder engagement;

xi) Identify opportunities and entry points for promoting gender equality through the full life cycle of the programme. For example, strategies can be identified at the project preparation stage to ensure that the proposed programme benefits both women and men.

b) Project level gender action plan

i) Using the findings from the gender assessment, identify gender-responsive activities, sex disaggregated targets, gender-performance indicators, timelines, responsibilities and anticipated budget against each of the planned activities to be included in the programme’s activity logframe;

ii) Define the monitoring and evaluation process to track progress against this plan.

iii) The GCF gender action plan template will be used to prepare the plan with support from the DBSA.

c) Gender responsive market study

i) Complete a gender responsive market study and recommend how these findings can be incorporated into the concept design.

2 http://www.greenclimate.fund/documents/20182/574712/Form_09_-_Gender_Assessment_and_Action_Plan_Template.pdf/3f4b8173-fb22-4bc7-9bdf-92f2dadd5c0
ii) The gender response market study would be used to inform the gender assessment and gender and social inclusion action plan.

2) Environmental and social management framework
   a) Working closely with the DBSA, identify and prioritise all relevant stakeholders to engage with and develop a stakeholder engagement plan
   b) Develop a stakeholder engagement plan that outlines consultations conducted during project design/formulation, and a plan to continue engaging stakeholders throughout the project as part of the requirement for environmental and social safeguards;
   c) Following key consultations, develop a draft environmental and social management framework (ESMF) outlining the material issues and metrics to evaluate
   d) Conduct awareness raising and consultation with project affected persons and communities for ESMF as a part of due diligence
   e) Recommend key metrics to be incorporated into the overall project reporting and targeting framework
   f) After incorporating recommendations from GCF and the executing entities, complete and hand over the final ESMF
   g) In terms of risk management the following aspects will also be conducted:
      i) Develop criteria that will be employed to exclude activities/subprojects that will have higher environmental and social risk levels, for example medium risk (category B) and high risk (category A);

PREFERENCE POINTS CLAIM FORM IN TERMS OF THE PREFERENTIAL PROCUREMENT REGULATIONS 2017

1.1.7

This preference form must form part of all bids invited. It contains general information and serves as a claim form for preference points for Broad-Based Black Economic Empowerment (B-BBEE) Status Level of Contribution

1. GENERAL CONDITIONS

1.1 The following preference point systems are applicable to all bids:

- the 80/20 system for requirements with a Rand value of up to R50 000 000 (all applicable taxes included); and
- the 90/10 system for requirements with a Rand value above R50 000 000 (all applicable taxes included).

1.2

a) The value of this bid is estimated not exceed R50 000 000 (all applicable taxes included) and therefore the 80/20 preference point system shall be applicable; or

b) Either the 80/20 or 90/10 preference point system will be applicable to this tender

1.3 Points for this bid shall be awarded for:

(a) Price; and

(b) B-BBEE Status Level of Contributor.

1.4 The maximum points for this bid are allocated as follows:

<table>
<thead>
<tr>
<th>POINTS</th>
</tr>
</thead>
<tbody>
<tr>
<td>PRICE</td>
</tr>
<tr>
<td>B-BBEE STATUS LEVEL OF CONTRIBUTION</td>
</tr>
<tr>
<td>Total points for Price and B-BBEE must not exceed</td>
</tr>
</tbody>
</table>

1.5 Failure on the part of a bidder to submit proof of B-BBEE Status level of contributor together with the bid, will be interpreted to mean that preference points for B-BBEE status level of contribution are not claimed.

1.6 The purchaser reserves the right to require of a bidder, either before a bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the purchaser.
2. **DEFINITIONS**

(a) “B-BBEE” means broad-based black economic empowerment as defined in section 1 of the Broad-Based Black Economic Empowerment Act;

(b) “B-BBEE status level of contributor” means the B-BBEE status of an entity in terms of a code of good practice on black economic empowerment, issued in terms of section 9(1) of the Broad-Based Black Economic Empowerment Act;

(c) “bid” means a written offer in a prescribed or stipulated form in response to an invitation by an organ of state for the provision of goods or services, through price quotations, advertised competitive bidding processes or proposals;

(d) “Broad-Based Black Economic Empowerment Act” means the Broad-Based Black Economic Empowerment Act, 2003 (Act No. 53 of 2003);

(e) “EME” means an Exempted Micro Enterprise in terms of a code of good practice on black economic empowerment issued in terms of section 9 (1) of the Broad-Based Black Economic Empowerment Act;

(f) “functionality” means the ability of a tenderer to provide goods or services in accordance with specifications as set out in the tender documents.

(g) “prices” includes all applicable taxes less all unconditional discounts;

(h) “proof of B-BBEE status level of contributor” means:
   1) B-BBEE Status level certificate issued by an authorized body or person;
   2) A sworn affidavit as prescribed by the B-BBEE Codes of Good Practice;
   3) Any other requirement prescribed in terms of the B-BBEE Act;

(i) “QSE” means a qualifying small business enterprise in terms of a code of good practice on black economic empowerment issued in terms of section 9 (1) of the Broad-Based Black Economic Empowerment Act;

(j) “rand value” means the total estimated value of a contract in Rand, calculated at the time of bid invitation, and includes all applicable taxes;

3. **POINTS AWARDED FOR PRICE**

3.1 **THE 80/20 OR 90/10 PREFERENCE POINT SYSTEMS**

A maximum of 80 or 90 points is allocated for price on the following basis:

\[
P_S = 80 \left( 1 - \frac{P_t - P_{\text{min}}}{P_{\text{min}}} \right) \quad \text{or} \quad P_S = 90 \left( 1 - \frac{P_t - P_{\text{min}}}{P_{\text{min}}} \right)
\]

Where

\[\begin{align*}
P_s & = \text{Points scored for price of bid under consideration} \\
P_t & = \text{Price of bid under consideration} \\
P_{\text{min}} & = \text{Price of lowest acceptable bid}
\end{align*}\]
4. POINTS AWARDED FOR B-BBEE STATUS LEVEL OF CONTRIBUTOR

4.1 In terms of Regulation 6 (2) and 7 (2) of the Preferential Procurement Regulations, preference points must be awarded to a bidder for attaining the B-BBEE status level of contribution in accordance with the table below:

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a pe se prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

(Bid Number and Description)

in response to the invitation for the bid made by:

(Name of Institution)

do hereby make the following statements that I certify to be true and complete in every respect:

I certify, on behalf of:_______________________________________________________that:

(Name of Bidder)

1. I have read and I understand the contents of this Certificate;
2. I understand that the accompanying bid will be disqualified if this Certificate is found not to be true and complete in every respect;
3. I am authorized by the bidder to sign this Certificate, and to submit the accompanying bid, on behalf of the bidder;
4. Each person whose signature appears on the accompanying bid has been authorized by the bidder to determine the terms of, and to sign the bid, on behalf of the bidder;
5. For the purposes of this Certificate and the accompanying bid, I understand that the word “competitor” shall include any individual or organization, other than the bidder, whether or not affiliated with the bidder, who:

   (a) has been requested to submit a bid in response to this bid invitation;
   (b) could potentially submit a bid in response to this bid invitation, based on their qualifications, abilities or experience; and
   (c) provides the same goods and services as the bidder and/or is in the same line of business as the bidder

SBD 9
6. The bidder has arrived at the accompanying bid independently from, and without consultation, communication, agreement or arrangement with any competitor. However communication between partners in a joint venture or consortium³ will not be construed as collusive bidding.

7. In particular, without limiting the generality of paragraphs 6 above, there has been no consultation, communication, agreement or arrangement with any competitor regarding:

   (a) prices;
   (b) geographical area where product or service will be rendered (market allocation)
   (c) methods, factors or formulas used to calculate prices;
   (d) the intention or decision to submit or not to submit, a bid;
   (e) the submission of a bid which does not meet the specifications and conditions of the bid; or
   (f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
10. I am aware that, in addition and without prejudice to any other remedy provided to combat any restrictive practices related to bids and contracts, bids that are suspicious will be reported to the Competition Commission for investigation and possible imposition of administrative penalties in terms of section 59 of the Competition Act No 89 of 1998 and or may be reported to the National Prosecuting Authority (NPA) for criminal investigation and or may be restricted from conducting business with the public sector for a period not exceeding ten (10) years in terms of the Prevention and Combating of Corrupt Activities Act No 12 of 2004 or any other applicable legislation.
