FOR THE APPOINTMENT OF A SERVICE PROVIDER TO ASSIST WITH A VIRTUAL PLATFORM TO HOST A BIDDERS’ CONFERENCE, IN RESPECT OF THE RISK MITIGATION INDEPENDENT POWER PRODUCER PROCUREMENT PROGRAMME (RMIPPPP)
1. BACKGROUND

The IRP 2019 and associated Ministerial Determinations guide the roll out of the Independent Power Producers Procurement Programme (IPPPP). NERSA subsequently concurred with, the Ministerial Determination for 2 000 MW capacity to be procured and installed between 2019 and 2022, was gazetted on 7th July 2020. The IPP Office has been mandated by the Department of Mineral Resources and Energy (DMRE) to give effect to the above-mentioned determination.

The DMRE published the Request for Proposal (RFP) in respect of the Risk Mitigation Independent Power Producer Procurement Programme (RMIPPPP) on 23 August 2020 in support of the implementation of the RMIPPPP. The objective of the RMIPPPP is to fill the current short-term supply gap, alleviate the current electricity supply constraints and reduce the extensive utilization of diesel-based peaking electrical generators in the medium to long term. The 2 000 MW of new generation capacity will be procured from a range of energy generation technologies.

There is great urgency across government to see that this procurement programme be implemented successfully, as evidenced by the inclusion of the programme in the recently gazetted strategic integrated projects that will be prioritized in the implementation of SA’s Infrastructure Investment Plan.

In support of the implementation of the RMIPPPP, and to engage with potential bidders and other energy sector stakeholders, the IPP Office will host a Bidders Conference in September 2020. The main focus of the conference will allow stakeholders to engage with members of the DMRE and IPP Office on queries or clarification questions they may have in relation to the released RFP.

This is a first time that a technology agnostic, system requirement-based RFP is launched, and several innovative and new concepts were introduced in the RFP. The Bidders Conference will use the opportunity to clarify these concepts and provide guidance on the implementation there of.

From previous Bidders Conferences held, the response received on the Request for Information (RFI) published earlier in the year and based on the interest from the market, the IPP Office is expecting over 400 participants.

The Conference will be free of charge and open to potential bidders, investors and developers. The IPP Office will also make use of the opportunity to invite the media to ensure a wider reach.

The Bidders Conference will be coordinated internally in the IPP Office, with the support of the DMRE communication team.

2. PROBLEM STATEMENT

As this is the first time that the IPP Office will host a “virtual” conference, and as the office does not have the necessary infrastructure to facilitate such a conference, it is requested that a company that specialises in virtual conferences be appointed to assist with the hosting thereof.

- Registered delegates must be able to post questions before and during the event. The questions will then be provided to the IPP Office for further management.
- The provider must have the function to stream to YouTube to registered delegates live with a time limit on access to the link.
- The provider must manage the sending of the YouTube link to registered delegates.

3.4. Marketing of Event
- The provider will market the conference by publishing it on social media, as well as by sending out mailshots to all identified DMRE and IPP Office stakeholders as well as the provider’s database from previous similar themed events.

3.5. Recording
- To ensure no live streaming problems, such as background noise, home interruptions, internet connections, etc. the provider must have speeches by identified speakers pre-recorded.
• The provider will manage all audio-visual equipment, production and edits of the pre-recording.

3.6. Ad-hoc services
• The provider will provide ongoing support prior to and post the conference.
• A dry run must be conducted prior to the conference.
• The conference will be recorded, which will assist with the capturing of discussions from delegates.
• The recording can be made available on YouTube, and a link sent to all delegates who attended. The link will have a time limit and will only be made available to the registered delegates.

3.7. The Programme will be kept to 3 hours maximum, comprising of opening and welcome, presentation of key aspects of the RFP and a Question and Answer session.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1. This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2. Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a per se prohibition meaning that it cannot be justified under any grounds.

3. Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4. This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5. In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

³ Joint venture or Consortium means an association of persons for the purpose of combining their expertise, property, capital, efforts, skill and knowledge in an activity for the execution of a contract.
