**LENDERS INSURANCE ADVISOR: SOCIAL HOUSING
PROGRAMME**

1. BACKGROUND

The Social Housing Programme (**SHP**) is a R144 billion national human settlements initiative aiming to address the national social housing backlogs estimated at 320 000 social housing units (**SHUs**), for approximately 960 000 occupants. Social housing is defined as a rental or co-operative housing option for low-to-medium income households earning between R1 500 to R15 000 per month. The programme is implemented at a level of scale and built form which requires institutionalised management. In other words, social housing excludes individual ownership by residents, including deferred ownership arrangements such as 'rent to buy'.

The primary objectives of the SHP are to:

- Provide residential accommodation for low-to-medium income households;
- Promote urban restructuring through the social, spatial, and economic integration of housing developments into existing areas;
- Facilitate the provision of integrated bulk services and human settlements;
- Revitalise urban areas to integrate, empower and uplift poor communities;
- Promote the establishment of well-managed, quality rental housing options for the poor;
- Promote a safe, harmonious, and socially responsible environment for the project and urban environment;
- Secure tenure for the residents of projects;
- Foster the creation of quality living environments for low to moderate income earners;
- Provide clean healthy and safe environments within proximity to services;
- Develop transport routes, clinics, schools, and economic opportunities; and
- Promote community development and integration.

The SHP aims to improve the functioning of the human settlements sector by contributing to the range of housing options available to the poor. There are other housing delivery options including subsidised housing, private market rentals, gap market housing and private ownership. The social housing beneficiaries do not qualify for these options.

The developmental costs of SHUs are funded up to 70 per cent (%) by the Department of Human Settlements (**DHS**) through the Consolidated Capital Grant (**CCG**) that is being administered by the Social Housing Regulatory Authority (**SHRA**). The Social Housing Institutions (**SHIs**) and Other Delivery Agents (**ODAs**) are the entities responsible for

building and operating the SHUs. They are required to raise up to 30% of the construction costs through debt and/ or equity.

Most of the SHIs and ODAs are new or emerging cooperatives with minimal or no SHUs development track record. This is resulting in private investors, in particular commercial banks participating less in providing equity or debt financing to the SHIs and ODAs. This, coupled with fiscal constraints on the CCG has slowed down the financing and implementation of the SHP.

2. OBJECTIVES OF THE TERMS OF REFERENCE

Given the socio-economic profile of social housing sector, in particular the need to accelerate the delivery of the SHUs and address insipid private sector participation, the DHS, SHRA and Infrastructure Fund (**IF** – a ring-fenced division of the Development Bank of Southern Africa-**DBSA**) are in a long-term partnership for the development and financing of the SHP. The partners applied to the National Treasury (**NT**) for fiscal support to the tune of R305 million through the Budget Facility for Infrastructure¹ (**BFI**).

Initially, this funding request aimed at enabling the IF to develop a bridging facility (short-term loan) for the six (6) SHIs and ODAs to accelerate and facilitate financial close for the 6 greenfield social housing projects in four (4) provinces. The project information has since changed as 2 of the projects received debt funding from other financiers. The revised project information is summarised in **Table 1**. The projects are anticipated to deliver 2 804 SHUs at an estimated capital cost of R1.1 billion.

Table 1: Greenfield Social Housing Projects (2021 BFI)

No.	Project Name	Estimated Project Cost (R'000)	Location	Units
1	Project 1	387,471	KwaZulu-Natal:	1,056
2	Project 2	98,889	Gauteng	201
3	Project 3	193,347	Mpumalanga	492
4	Project 4	453 442	Western Cape	1 055
TOTAL		1,133,149		2,804

The NT approved the funding request for R305 million for the structuring of the bridging facility for the 6 projects. The IF is currently conducting a due diligence exercise for potential debt funding for 4 projects as summarised in Table 1 above in South Africa. The IF is seeking a Lenders Insurance Advisor (**LIA**) to provide an independent review of the

It is the process through which the Infrastructure Fund unlocks government's funding support for attracting private financing or investment.

insurance related aspects of the Projects, as outlined in **Section 3** of the Terms of Reference (**ToR**). Each project will be evaluated on a standalone.

The key deliverables will be:

- 1) Preliminary Report for the Project which covers all the issues set out in the detailed scope of work described below.
- 2) Final Report at financial close for the Project which confirms compliance with all relevant requirements noted in the detailed scope of work described below.

Kindly provide the IF with a proposal for the timelines to complete the scope of work (preferably within 4 weeks) and a detailed fee estimate which includes a cap on such fees/costs..

3. DETAILED SCOPE OF WORK

The scope of work to be undertaken by the LIA is described below. The LIA is required to advise and assist the Lenders with typical insurance matters for housing projects of this nature. The successful service provider is required to prepare a comprehensive LIA report with dedicated and clearly delineated sections for each of the 4 projects covering:

3.1. Phase 1: up to Financial Close

The LIA's scope of services in the period up to Financial Close/first drawdown will include the following:

1. Review the pertinent insurance related risks of the Contract, the responsibility for these risks between the various interested parties and their insurability (including identification of risks not covered in cases where such risks are commercially non-insured or non-insurable, have limited insurability, or are difficult to insure).
2. Review and comment on the project insurance program as proposed in Contract and confirm that this is comprehensive and appropriate for this kind of Project (for both the development and operating periods) taking into account –
 - Review of local insurance law and its implication for the Project;
 - Review of Loan/Finance Agreement and advise on insurance schedules and requirements;
 - Collection and review of all relevant information (including construction work methods, specifications, work programs, soil conditions etc.)
 - Review of project contracts, indemnities and liabilities.

3. Review and comment on each of the insurance clauses, for both the construction and operation periods (and any associated clauses) in the Finance and Project Agreements.
4. Analysis of delay in completion, business interruption issues to review coverage of gross annual profit and indemnity period.
5. Uninsurability - Identify and advice on significant risks that are uninsurable or have limited insurability or are difficult or expensive to insure in the South African Market or in the International Market.
6. Ensure that the borrower has entered into all requisite Insurance Contract(s) (including reinsurance, if any), including, inter alia, construction all risks policy, , transit policy, advance loss of profit policies, commercial general liability insurance, workmen's compensation insurance policy, strikes, riots and civil commotion risks, Political violence risk, Property and machine damage risk, and any issues with the insurance provisions in the relevant Finance Agreements and Project Documents in respect of the Project and recommend changes in respect of the project and other assets offered as security for the Facility, during operation phase. The Insurance Contract(s) shall be suitably endorsed in favour of the Lenders.
7. Formulation of the above considerations into a formal insurance program structure for the construction and operation risks including detailed cover requirements.
8. Review and audit the Insurance Policies eventually taken by the project and ensure that lenders are the loss payees / lenders.
9. Advise in relation to the drafting of the final insurance provisions for protection of lenders' interests in Finance Documents.
10. Confirm together with input from the lender/ financial advisor that insurance costs/premiums and related escalation assumed in the Base Case Financial Model are reasonable and acceptable throughout the construction and operating period.
11. Comment on the appropriateness of the reinsurance arrangements, including cut-through provisions and the integrity of the claims procedure.

12. Advise on the acceptability and creditworthiness of the insurer[s] when the policies are placed.
13. Advise on a limited sundry insurance matters as requested from the Lenders from time to time (if any).
14. Liaise with the Finance Party's technical advisor and the project company's insurance advisors where appropriate and assess and analyse the probability of potential magnitude of loss associated with key insurable risks in the Project and how, where possible, such risks could be reasonably mitigated by commercially available insurance. This will include commenting on insurability and coverage for events described in the Lenders' technical advisor's report.
15. Confirm the placement of the insurances once advised by the placement insurer (including confirmation of compliance with market practice and any statutory insurance requirements).
16. Issue a letter to the lenders immediately prior to Financial Close certifying fulfilment of the condition precedent for drawdown from an insurance perspective.

The DHS, SHRA, IF and the SHIs and ODAs will be the primary sources of information for the study. However, the LIA is also required to conduct independent research or use other ways of data collection and verification to obtain or strengthen the project's available information.

3.2. Deliverables

Phases	Deliverable(s)
Phase 1	▪ Periodic pre-financial close progress reports containing but not limited to variables in section 3.1 of the ToR. ▪ Final pre-financial close due diligence report.

4. EXPERTISE AND EXPERIENCE

The LIA must have expertise and experience in the following areas:

- Firm registered with the relevant financial services board as a provider of insurance products and must have been in operation in the last 12 years.

- Detailed experience in lender insurance advisory in the infrastructure sectors and track record, knowledge and experience of your firm in respect of the South African market and Projects of this nature;

- Experience as lender insurance advisor, advising commercial banks and development finance institutions.

5. MANAGEMENT OF THE LIA

The IF will appoint and be responsible for the day-to-day management of the LIA's work. The LIA will report to the Head: Infrastructure Finance and may from time to time be required to present and submit progress reports within stipulated timeframes. Successful bidders will be expected to confirm professional indemnity cover for the active duration of the instruction/s, once appointed.

6. DURATION

1 year: Phase 1: Pre-financial close due diligence – 2022/23.

7. RULES OF BIDDING, SUBMISSION REQUIREMENTS AND BID EVALUATION

Rules of Bidding

- i. The IF will enter into a contract with the successful LIA for the work set out in these ToR. The LIA can be a company or a Joint Venture;
- ii. The IF reserves the right to terminate this appointment or temporarily defer the work, or any part thereof. If the contract between IF and the LIA is terminated by either party due to reasons not attributable to the LIA, the LIA will be remunerated for the appropriate portion of work completed up to a maximum amount of not more than the total fee bid by the LIA for the appropriate phase of the project during which the appointment was terminated;
- iii. The firm procured and assigned professionals for the work on the project shall remain on the project unless permission is granted in writing by the IF to change the firm or dedicated professionals. Such permission will only be granted in exceptional circumstances;

- iv. The LIA may not use any material or information derived from the provision of the services in terms of the contract for any purpose. Copyright of all documents and electronic aids, software programmes prepared or developed in terms of this appointment shall vest with the IF;
- v. Any confidential information obtained by either party to this contract, or arising from the implementation of this contract, shall be treated as confidential by the party receiving it and shall not be used, divulged or permitted to be divulged to any person not being a party to this contract, without the prior written consent of the other party;
- vi. The costs of preparing proposals and negotiating the contract are not reimbursable;
- vii. The IF is not bound to accept any of the proposals submitted and reserves the right to negotiate the price with the preferred bidder;
- viii. The LIA and its affiliates are disqualified from doing any work or providing any services to any bidding consortium or members of such a consortium and/or the private party or to any eventual project that may result, directly or indirectly from these services;
- ix. The IF will not accept any late bid submissions and will return late bid submissions unopened. Bidders may not contact the IF or any participant on any matter pertaining to their bid from the time when bids are submitted to the time the contract is awarded. Any efforts by a bidder to influence bid evaluation, bid comparisons or bid award decisions in any manner, will result in rejection of the bid; and
- x. The IF reserves the right to change any information in, or to issue an addendum to this document before the closing time. The IF and its officers, employees and advisors will not be liable in connection with either the exercise of, or failure to exercise this right. Should the IF exercise its right to change information, it may seek amended responses from all bidders.
