16.2 The Bidder is required to provide details of any interests, relationships or clients which may or do give rise to a conflict of interest in relation to the supply of the services under any contract that may result from this RFP. If the Bidder submits its Bid and a subsequent conflict of interest arises, or is likely to arise, which was not disclosed in the Bid, the Bidder must notify the DBSA immediately in writing of that conflict.

17. **LATE BIDS**

17.1 Bids must be loaded on one drive before the Closing Time. The Closing Time may be extended by the DBSA in its absolute discretion by providing written notice to Bidders.

17.2 Bids loaded after the Closing Time or lodged at a location or in a manner that is contrary to that specified in this RFP will be disqualified from the Tendering Process and will be ineligible for consideration. However, a late Bid may be accepted where the Bidder can clearly demonstrate (to the satisfaction of the DBSA, in its sole discretion) that late lodgement of the Bid was caused by the DBSA; that access was denied or hindered in relation to the physical tender box; or that a major/critical incident hindered the delivery of the Bid and, in all cases, that the integrity of the Tendering Process will not be compromised by accepting a Bid after the Closing Time.

17.3 The determination of the DBSA as to the actual time that a Bid is lodged is final. Subject to clause 17.2, all Bids lodged after the Closing Time will be recorded by the DBSA and will only be opened for the purposes of identifying a business name and address of the Bidder. The DBSA will inform a Bidder whose Bid was lodged after the Closing Time of its ineligibility for consideration. The general operating practice is for the late Bid to be returned within 5 (five) working days of receipt or within 5 (five) working days after determination not to accept a late Bid.

18. **BIDDER’S RESPONSIBILITIES**

The submission of such certificates must comply with the requirements of instructions and guidelines issued by National Treasury and be in accordance with the applicable notices published by the Department of Trade and Industry in the Government Gazette.

18.4 The DBSA reserves the right to require of a Bidder, either before a Bid is adjudicated or at any time subsequently, to substantiate any claim in regard to preferences, in any manner required by the DBSA.

18.5 Failure to provide the required information may result in disqualification of the Bidder.

19.1 Bidders must ensure that:

19.1.1 their Bid is submitted in the required format as stipulated in this RFP; and

19.1.2 all the required information fields in the Bid are completed in full and contain the information requested by the DBSA.

19.3 Unnecessarily elaborate responses or other representations beyond that which is sufficient to present a complete and effective tender proposal are not desired or required. Elaborate and expensive visual and other presentation aids are not necessary.

19.4 Where the Bidder is unwilling to accept a specified condition, the non-acceptance must be clearly and expressly stated. Prominence must be given to the statement detailing the non-acceptance. It is not sufficient that the statement appears only as part of an attachment to the Bid or be included in a general statement of the Bidders usual operating conditions.

19.5 An incomplete Bid may be disqualified or assessed solely on the information completed or received with the Bid.

20. ILLEGIBLE CONTENT, ALTERATION AND ERASURES

20.1 Incomplete Bids may be disqualified or evaluated solely on information contained in the Bid.

20.2 The DBSA may disregard any content in a Tender that is illegible and will be under no obligation whatsoever to seek clarification from the Bidder.
20.3 The DBSA may permit a Bidder to correct an unintentional error in its Bid where that error becomes known or apparent after the Closing Time, but in no event will any correction be permitted if the DBSA reasonably considers that the correction would materially alter the substance of the Bid or effect the fairness of the Tendering Process.

21. **OBLIGATION TO NOTIFY ERRORS**
If, after a Bidder’s Response has been submitted, the Bidder becomes aware of an error in the Bidders Response (including an error in pricing but excluding clerical errors which would have no bearing on the evaluation of the Bid), the Bidder must promptly notify the DBSA of such error.

22. **RESPONSIBILITY FOR BIDDING COSTS**
22.1 The Bidders participation or involvement in any stage of the Tendering Process is at the Bidders sole risk, cost and expense. The DBSA will not be held responsible for, or pay for, any expense or loss that may be incurred by Bidders in relation to the preparation or lodgement of their Bid.

22.2 The DBSA is not liable to the Bidder for any costs on the basis of any contractual, promissory or restitutionary grounds whatsoever as a consequence of any matter relating to the Bidders participation in the Tendering Process, including without limitation, instances where:

   22.2.1 the Bidder is not engaged to perform under any contract; or

   23.1.1 as required by law;
   23.1.2 for the purpose of investigations by other government authorities having relevant jurisdiction;
   23.1.3 to external consultants and advisors of the DBSA engaged to assist with the Tendering Process; or for the general information of Bidders required to be disclosed as per National Treasury Regulations, Guidelines, Instruction Notes or Practice Notes.

- \( Pt \) = Comparative price of tender or offer under consideration; and
- \( P_{\text{min}} \) = Comparative price of lowest acceptable tender or offer.

The total points scored by each Bidder will be calculated by adding the points scored for price (out of 80) to the points scored for preferential procurement (out of 20).

The successful Bidder will be the Bidder which has the highest total points (out of 100) for both price and preferential procurement (unless there is a basis for selecting a different successful Bidder in accordance with section 2(1)(f) of the PPPFA).

26.6 Fourth Stage: Risk Analysis & Other Objective Criteria

a) Firstly, in addition to the financial offer and preference evaluation, the Tenderers having the highest ranking / number of points, will additionally be reviewed against the following points listed as “Other Objective Criteria” in terms of the PPPFA Regulations of 2017, in order to ascertain suitability for award.
i) If having passed Responsiveness, the tenderer will again be checked in terms of having a Compliant Tax Status at time of recommendation to confirm that the status has not changed, based on an active and Tax Complaint Pin issued by the South African Revenue Services.

ii) Fully compliant and registered with the National Treasury Central Supplier Database.

iii) No misrepresentation in the tender information submitted.

iv) Any non-performance on DBSA, or DBSA client projects.

v) The tenderer or any of its directors/shareholders is not listed on the Register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the public sector; and

vi) The tenderer has completed the Compulsory Enterprise Questionnaire and there are no conflicts of interest which may impact on the tenderer’s ability to perform the contract in the best interests of the employer or potentially compromise the tender process and persons in the employ of the state are permitted to submit tenders or participate in the contract.

vii) Convicted by a court of law for fraud and corruption

viii) Removed from a contract between them and any organ of state on account of failure to perform on or comply with the contract.

ix) Financial health of the bidder may be assessed if deemed necessary, to ensure that the service provider will be able to operate as per required deliverables (Ratios: Accounts Receivable & Payable Turnover, Liquidity & Solvency).

x) In terms of unduly high Tendered fees in the Tender offer, refer to the PPR2017.

xi) PEP Check and Procure Check to be initiated if negative, may result in exclusion

1. Introduction

1.1 Background to the Cities Support Programme (CSP)

South African cities continue to face significant development challenges, despite the progress in expanding access to basic services. There are highly and visibly inequitable environments that exclude poor people from social and economic participation:

a) The current pace of urban population growth is outstripping economic growth.

b) Apartheid patterns of spatial segregation and exclusion persist, with poor people located in peripheral areas far from social and economic opportunities.

c) Public transport, land and housing delivery systems are failing urban residents and
d) These inequalities will be exacerbated by climate change

These challenges are exacerbated by the macroeconomic constraints to growth which impacts on cities. The underlying imperative of the Cities Support Programme (CSP) is therefore to improve economic growth prospects in cities to help respond to the development challenges they face.

1.2 Background to this Terms of Reference

The CSP has been developed to assist South African cities to enhance the management of their built environment. Senior administrative and political leadership in cities are tasked with conceiving, planning and executing large and complex programmes to transform the built environment. This requires leadership to blend technical expertise with sound practices and personal mastery or agency, applied in the context of transformative public sector programmes.

Several projects and initiatives (such as the Executive Leadership Programme; transversal and change management and coaching) have been identified through the Cities Support Programme to support cities to have the vision, leadership, partnerships, and transversal capabilities to lead cities' transformation agenda. Whilst the various initiatives are distinct and can be implemented through separate avenues there is a need to hold the common thread and ensure that they all contribute to building well governed and capable cities. Ultimately the various initiatives must be pulled together in a leadership programme that delivers tangible results in line with the CSP's theory of change and draws sharply on the interconnectedness and supplementary nature of these offerings.

The objective of the leadership projects and intervention areas is to develop, in metros and their support partners, the capabilities for executive leadership, change management and transversal
management to lead the reform and transformation agenda for cities, through training and capacity building. The administrative and political leadership teams will be targeted in metros as well as the teams in national departments who are tasked with designing and implementing reform processes in support of metros.

The implementation environment of metros (and NT) is complex, with key projects being of a complex nature that requires mature change management and collaborative management skills of individual and teams involved in these projects. It is increasingly clear that many reform processes eg planning, reporting and budgeting reforms, projects such as Sub National Doing Business, Township Economic Development, Integrated Public Transport Network, Informal Settlement Upgrading struggle to be successfully implemented not because of a lack of funding or technical capabilities, but more due to the weak skills of leaders and managers to manage change processes and to work collaboratively.

These support initiatives of the CSP directly relates to the IUDF’s strategic goal of Effective Governance and its identified policy lever of Effective Urban Governance. The IUDF states that “The complexities of urban governance include managing the intergovernmental dynamics within the city and relations with national government, provinces and neighbouring municipalities. Effective urban governance will result in the creation of well-functioning, accountable, transparent and capable institutions that deliver on their roles and responsibilities”. This work is also in support of Chapter 13 of the National Development Plan which sets out the following: (i) Stabilise the political-administrative interface (ii) Build a skilled and professional public service (iii) Develop technical and specialist professional skills. (v) Strengthen delegation, accountability and oversight (vi) Improve interdepartmental coordination. (vii) Strengthen local government, with active support and oversight from national and provincial government and mainstream citizen participation.

In addition; the recent diagnostic review on the System for Capacity Building for Local Government commissioned for the National Treasury reflects that radical change to the current capacity building system for local government is required should we want to achieve the intended development outcomes and impact. The work scoped in this terms of reference would therefore also need to be guided by the recommendations of the diagnostic review and the principles articulated such as: a clear focus on capability development; a problem-led approach; Co-production and inclusion at all points in the system; and a whole-municipality (fully integrated) approach.

The projects and initiatives relating to leadership and capability development needs to be more targeted and deliberate in its support for building change management and collaborative working capabilities of individuals and teams and to use methodologies and tools that can be applied immediately in existing projects and existing reform processes in cities and organizations supporting cities.
2. Scope of work

2.1 Objectives of the request for assistance

This is a request to support the detailed conceptualisation and delivery of the leadership and capability development projects and initiatives within the Cities Support Programme. The key CSP leadership projects are the Executive Leadership Programme, the Transversal and Change Management project and the coaching (team and individual levels) projects. These projects have or will have dedicated service providers appointed and the incumbent appointed for this ToR will be required to manage and coordinate these various interventions so as to ensure that they collectively and individually deliver on the CSP capability outcome of ‘Cities have the vision, leadership, partnerships and transversal capabilities to lead cities’ transformation agenda’.

2.2 Deliverables

Support is required to deliver on the following leadership interventions in the Cities Support Programme:

1. Manage and coordinate the leadership and capability development projects and intitatives of the CSP, including the Executive leadership Programme, the transversal and change management support project and the coaching support project;

2. Engage with and support the CSP component leads (economic development, climate resilience, public transport, human settlements, governance and fiscal), and the city advisors on conceptualising and delivering leadership and capability interventions, training in their respective components and or cities;

3. Provide strategic guidance and support to the CSP programme manager and the DDG: Intergovernmental Relation, National Treasury on CSP leadership interventions and their alignment and linkage to the broader IGR initiative emanating from the review of the System for Capacity Building for Local Government;

4. Engage and coordinate the leadership projects of the CSP with relevant stakeholders, including the national departments, SALGA, SACN, local government training academies and institutions, professional institutions etc;

5. Manage the Leadership and capacity building steering committee that has recently been established;

CERTIFICATE OF INDEPENDENT BID DETERMINATION

1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.

2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a separate prohibition meaning that it cannot be justified under any grounds.

3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
   a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution’s supply chain management system and or committed fraud or any other improper conduct in relation to such system.
   b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.

5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
CERTIFICATE OF INDEPENDENT BID DETERMINATION

I, the undersigned, in submitting the accompanying bid:

   (f) bidding with the intention not to win the bid.

8. In addition, there have been no consultations, communications, agreements or arrangements with any competitor regarding the quality, quantity, specifications and conditions or delivery particulars of the products or services to which this bid invitation relates.

9. The terms of the accompanying bid have not been, and will not be, disclosed by the bidder, directly or indirectly, to any competitor, prior to the date and time of the official bid opening or of the awarding of the contract.

10.
