PART E

TERMS OF REFERENCE & PROJECT BRIEF

1. BACKGROUND

The Infrastructure Fund (IF) has been established pursuant to a memorandum of agreement dated on 17 August 2020 entered into between the Development Bank of Southern Africa (DBSA), National Treasury (NT) and Department of Public Works and Infrastructure: Infrastructure South Africa (ISA) (MOA). In terms of the MOA, the IF is housed within the DBSA as a ring-fenced unit. The primary objective of the IF is to structure, design, package and implement (on an accelerated basis) blended finance solutions for identified infrastructure projects and programmes.

The IF provides support to all tiers of the South African government (national, provincial and local spheres) including state owned entities across the infrastructure value chain from identification, conceptualization, preparation, budgeting and financing to procurement, implementation, delivery and maintenance. The key sectors considered by the IF include housing, education, healthcare, student housing, water and sanitation, ICT, transport, primary and secondary agriculture. Although the projects and programmes have a South African geographical footprint, most transactions may involve crowding in of international funders, which necessitate the engagement of English or French law external counsel as well as legal practitioners in the relevant countries of origin of the international funders. Cost and time efficiencies warrant the use of external attorneys who have in house English or French law capabilities and/or affiliations with international and regional legal practices.

The Legal team within the IF, is responsible for providing timeous and professional in-house legal advisory services across all business teams to ensure that all aspects of the IF's processes, functions and operations are well informed and based on sound legal principles and that legal risks are identified, satisfactorily mitigated, managed and addressed.

The Legal team provides advice on public and private sector financing activities such as deal structuring and drafting of loan, security and related documents. The Legal team actively participates in the conceptualization, development and structuring of various development projects, as well as drafting and/or reviewing various legal agreements and documents. This is done by active and full participation of the Legal team with the various deal teams within the IF and externally with the project owners throughout the project life cycle.

The Legal team further supports the IF by providing advice and related legal support on *inter alia* regulatory frameworks, compliance, procurement, commercial and insolvency litigation, construction & engineering contracts and dispute resolution.

Due to the diversity and volume of the business that the IF is engaged in, external legal support is often necessary to enable the Legal team to deliver on its mandate.

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.

- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
