1. PURPOSE

The purpose of this policy is to provide guidance on the acceptance, management and monitoring of individuals who are classified as PEPs; in order to mitigate reputational risk, operational risk and legal risk, based on internationally accepted best practice, standards and guidelines on the management of PEPs; whilst simultaneously meeting regulatory compliance standards imposed by FICA. These compliance standards are set out in the DBSA's RMCP. This policy applies to all PEPs who may have an interest in obtaining any form of financing from the DBSA; shortlisted prospective suppliers and/or service providers; and any employees of the DBSA.

2. BACKGROUND

PEP's are considered to be high risk as they hold positions of power and influence that may be used for private gain or to benefit associates, close family members and/or related parties. Such individuals may also be used to conceal funds or assets that were gained corruptly. Due to these risks, it is imperative that the DBSA takes steps to identify PEPs and ensure the necessary EDD and enhanced monitoring processes are applied. The methodology for EDD for high risk clients is set out in the DBSA's RMCP Level 2 Policy. By setting up these processes the DBSA will ensure that it is able to appropriately manage any legal and reputational risks that may arise from entering into business relationships with PEPs. It will also ensure compliance with various guidelines and directives issued by the FIC which are aimed at combating money laundering and the prevention and detection of fraud and other corrupt practices including financing of terrorist activities. The DBSA's RMCP Level 2 Policy sets out the provisions applicable to persons in prominent positions, in terms of sections 21F, 21G and 21H.

3. POLICY

The DBSA is not precluded from doing business with a PEP, therefore the identification of a PEP does not on its own create an automatic reason to decline or reject an application for funding. However, when a PEP is identified, an EDD should be conducted prior to a decision on whether to establish a business relationship or not. Refusing a business relationship based on the determination of a client as a PEP, is contrary to the letter and spirit of the FATF recommendations. Furthermore, the FIC guidance notes on the management of PEPs are intended to assist financial institutions to develop appropriate controls in order to verify PEPs before establishing a business relationship with them.

3.1 IDENTIFICATION OF A PEP

The DBSA identifies PEPs by:

- Screening clients against identified PEP lists, to augment the information obtained from clients;
- Risk profiling a client as a PEP, in accordance with regulatory standards; and
- Considering other reputable sources of information such as industry publications, government publications or press releases and/or company issued updates etc.

3.2 TREATMENT OF PEPS

In making the decision to approve or not approve a funding, tender and/or employment application, where a PEP is involved, the approving committee shall take into consideration information discovered regarding the identified PEP.

3.3 ENTITIES IN WHICH PEPS HAVE BENEFICIAL INTEREST

In the event that a PEP is an associated party to an entity and holds more than 25% voting rights in the entity, the entity itself will be regarded as high risk due to the association with a PEP. The PEP designation stems from the beneficial owner or shareholder, it is not driven by the entity itself. An entity should also be considered as high risk if significant influence over the policy, business and strategy of that entity is performed by a PEP. To determine if a PEP exercises significant influence over the policy, business and strategy of an entity, regard needs to be had to the nature of the position held by the individual concerned i.e. day-to-day management position versus an individual in an isolated consultative role or a non-executive role.

4. CDD MEASURES

4.1 IDENTIFICATION OF CLIENTS AND OTHER PERSONS

- When the DBSA engages with a prospective client to enter into a single transaction or to establish a business relationship, the DBSA must:
 - (a) establish and verify the identity of the client;
 - (b) if the client is acting on behalf of another person, establish and verify:
 - the identity of that other person; and
 - the client's authority to establish the business relationship or to conclude the single transaction on behalf of that other person; and
 - (c) if another person is acting on behalf of the client, establish and verify:
 - the identity of the other person; and
 - that other person's authority to act on behalf of the client.

- Client facing employees are required to make sure that the correct information is obtained from clients as per the uniform client data and client due diligence methodology, as set out in the DBSA's RMCP.

4.2 PRE-APPROVAL – CDD

- CDD is the key and primary source of information used for the purposes of determining whether a client is a PEP or not.
- Client facing employees are required to bring all the information concerning a potential transaction to CU for screening in order to verify and to ensure that clients are not listed on any sanctions lists, as well as to determine whether they or their family members or relatives or close associates or beneficial owners are PEPs.
- When conducting CDD on PEPs, beneficial owners may be uncovered and will be verified accordingly by CU.
- CDD is conducted before a transaction is submitted to IC and BCIC for approval. Business relationships with domestic prominent influential persons are not inherently high-risk. The DBSA must consider each relationship on its own merits. Business relationships with foreign prominent officials must always be considered high-risk. Approval must be obtained to establish such a business relationship, in accordance with governance structures as per the DBSA's delegations of authority. The DBSA must also take reasonable measures to establish the source of wealth and source of funds of the PEP.
- Where there is a positive identification of a PEP, CU will furnish the relevant information for inclusion in the appraisal template and ensure that an EDD is conducted.
- Once an EDD has been conducted, CU will also furnish an analysis for inclusion in the appraisal template. CU will update the PEP Register accordingly.

It must be noted that despite the need to ensure that an EDD is conducted on PEPs to ensure compliance with the FATF recommendations and other various guidelines and directives issued, in the application and implementation of this policy, caution must be exercised to ensure that the basic rights of all clients to privacy are not infringed.

4.3 POST APPROVAL DISCOVERY- CDD

- If any employee uncovers that a client is a PEP post approval, the employee is required to inform CU accordingly.
- If there are any changes in the shareholding structure of a client, the new shareholder/s must be sent to CU in order to conduct CDD and an EDD if necessary and the PEP Register must be updated accordingly.

- Where a PEP has been uncovered by CU, through ongoing monitoring and sometimes on a case-by-case basis as deemed necessary, the PEP Register will also be updated accordingly.
- When the existing client re-applies for further additional funding or when a client's facility is being restructured, the relevant CDD should be conducted.

5. DOMESTIC PROMINENT INFLUENTIAL PERSONS

In accordance with the JSE Debt Listings Requirements, the DBSA, in its capacity as an issuer, sets out the following provisions, in respect of the disclosure and treatment, as a minimum, with domestic prominent influential persons (i) at board level and (ii) for prescribed officers of the DBSA in respect of any transactions/dealings by the DBSA, with domestic prominent influential persons.

- Any such transactions/dealings are governed by the DBSA's Board of Director's Policy on Conflict of Interest or the DBSA Employees Policy on Conflict of Interest and Outside Involvement.
- A PEP Register of such domestic prominent influential persons and the relationship with the issuer is maintained by the DBSA and will be made available on the DBSA's website (<https://www.dbsa.org/about-us/governance>).
- A negative statement will be made if there are no such domestic prominent influential persons.
- Any instances of amendments and/or deviations from this policy dealing with the disclosure and treatment of domestic prominent influential persons will be announced on SENS immediately together with reasons for the amendments and/or deviations.

6. PROCUREMENT MATTERS

- In line with the DBSA's Procurement Policy, SCM must ensure that shortlisted prospective suppliers and/or service providers are screened accordingly.
- When PEPs are identified in the procurement process, SCM is required to forward the details of PEP's to CU in order to conduct an EDD.
- Once an EDD has been conducted, CU will advise SCM of the information that was discovered (if any) concerning the PEP.
- Approval process for suppliers and/or service providers - SCMC, after consideration of all relevant information in respect of a PEP, will approve or decline such a supplier and/or service provider.

7. SCREENING OF EMPLOYEES AS PART OF THE HR PROCESS

7.1 IDENTIFICATION OF A PEP

PEP verification will be incorporated into the HR process and all new employees will be screened as a confirmation of their PEP status. If a staff member's PEP status changes they are required to notify both HC and CU of such change in PEP status.

7.2 APPROVAL PROCESS FOR EMPLOYEES

For the appointment of non-Group Executive employees with a PEP status, the employing Group Executive will recommend the appointment of such a PEP to the CE and the CE will exercise his discretion on whether to approve or decline the appointment. In the case of a senior position, such as the appointment of a Group Executive or a position with a direct reporting line to the CE, a recommendation must be made to HRN Committee for approval.

8. DISCLOSURE REQUIREMENTS – LOANS AND PROCUREMENT

In accordance with the JSE Debt Listings Requirements, the DBSA, in its capacity as an issuer, sets out the following provisions, in respect of the disclosure and treatment of loans and procurement, as a minimum, with Related Parties; Domestic Prominent Influential Persons; and Prescribed officers.

- A PEP Register of such loans and procurement is maintained by the DBSA. A negative statement will be made if there are no loans or procurement with such parties.
- This policy is also available on the DBSA's website (<https://www.dbsa.org/about-us/governance>).
- Any instances of amendments and/or deviations from this policy must be announced on SENS immediately together with reasons for the amendments and/or deviations.

9. MONITORING AND REPORTING

- Once the DBSA has established a business relationship with a PEP, CU is required to conduct on-going monitoring on PEPs and advise the business on any changes that may be identified.
- Ongoing monitoring of PEP clients is required to be conducted:
 - Every 12 months (i.e. periodic review) as part of the compliance monitoring process;
 - or
 - As a result of a trigger event (whichever is the sooner).

- Periodic reviews must be completed for all clients, identified as a PEP or those clients with an indirect relationship through their association with a PEP. A trigger event could include, but is not limited to:
 - A change in the PEP's role;
 - A change in the PEP's residency;
 - A new application involving the same PEP;
 - Adverse media report; and
 - The receipt of a court order/subpoena etc. against the client.
- The following information and documentation must be reviewed/ reconfirmed/ updated when conducting a periodic review of a PEP client:
 - All CDD information;
 - The relevance of the EDD conducted initially; and
 - Where adverse information such as ongoing litigation or regulatory proceedings were noted as part of the on-boarding information, further checks must be undertaken to ascertain any outcomes or obtain updated information.

10. TRAINING AND AWARENESS

CU will ensure that there is ongoing training of employees and awareness will be created around this policy to ensure that employees have a better understanding of PEPs, as well as the risks associated with PEPs.

11. REVIEW OF POLICY

This policy shall be reviewed every 3 years or earlier, as required.
