PART E
TERMS OF REFERENCE & PROJECT BRIEF

1. INTRODUCTION

The IPP Office (IPPO) is mandated to undertake the procurement of energy on behalf of the Department of Mineral Resources and Energy (DMRE). As such it is the IPPO's responsibility to prepare procurement documentation and ran the procurement processes to ultimately select and appoint successful bidders. These bidders (independent power producers [IPP]) are responsible to construct, operate and maintain independent power plants providing much needed power to the South African grid.

2. BACKGROUND AND PURPOSE

- 2.1 In order to meet the requirement to procure 3000 MW of new generation electricity capacity as set out in the Determination published by the Minister of Mineral Resource and Energy in 2020, the IPPO as the mandated Procurer will be embarking on a Gas Independent Power Producer Programme (GIPPPP).
- 2.2 In view of the above, there is a requirement to appoint a team of Transaction Advisers to:
- a. Draft, the GIPPPP RFP under the guidance and management of the IPP Office inclusive of all associated agreements such as the PPA entered into with the Buyer, the Implementation Agreement entered into with the Department as well as the and Direct Agreements.
 - b. The Evaluation of the Bids Submitted and
 - c. All activities associated with Commercial and Financial close.

The team of Transaction Advisers will consist of:

- Legal Advisers;
- Economic Advisers;
- Financial Advisers; and
- Technical Advisers.

The GIPPPP is anticipating the establishment of gas importation, regasification infrastructure and gas supply in the Ports by the State with the creating of generation capacity is close proximity of the established infrastructure by the IPPs.

The Port of Ngura or Coega has been identified as the starting point. However as part of the roll out of the GIPPPP of 3000MW there may be a requirement to develop bespoke RFPs however the decision as to whether a second RFP will be required, the timing and scope thereof will at the discretion of the DMRE.

2.4 The basic criteria for the formulation of the GIPPPP RFP will be:

- A concept note developed and to be finalised together with the IPPO, DMRE and key stakeholders.
- The procurement of new gas fired generation capacity in line with the requirements of the IRP 2019 and to the requirements of the System Operator for balancing of the system and delivery of capacity and energy. The procurement of gas fired generation capacity may be required to align and interface with State provided importation and regasification infrastructure and potentially gas supply.
- To achieve a Commercial Operations Date (COD) **as close as possible to August 2027.**
- To procure the capacity on a least cost basis at the most competitive and affordable price, and least regret basis and should not worsen Eskom's (the Buyer) financial position or unduly increase government's contingent liability;
- To support the transition to cleaner energy sources.
- To support the just transition and socio-economic transformation agenda of Government encourage opportunities for black industrialists and support the development of black independent power producers; and
- To facilitate investments in the energy sector, support economic growth, increase job opportunities and support local manufacturing opportunities.

2.5 As in all previous IPP Programmes, the evaluation of bids will be undertaken by an external, independent team of experts representing all required disciplines with a governance expert overseeing and monitoring the evaluation process and procedures. As part of this TOR a team of multi-disciplinary, independent evaluators will be selected to design and undertake the Evaluation of Bids, appointment of Preferred Bidders and all Financial Close activities associated with the (GIPPPP) Gas Programme in response to the Request for Proposals (RFPs) issued.

In view of the above, the team of appointed Transaction Advisers will also assist and support the IPP Office in the Evaluation and Financial Close processes. The team of Transaction Advisers will consist of:

- Legal Advisers;
- Economic Advisers;
- Financial Advisers;
- Technical Advisers; and
- Governance experts.

The basis for the evaluation will be the RFP, the Evaluation Manual and accompanying Evaluation Templates as prepared by the Department.

In managing potential conflict of interest and also in lieu of the potential high number of bid responses Transactional Advisors will have to declare or manage potential conflict of interest,

Transaction Advisers are required for the following two functions:

- Evaluation: and
- Financial Close.

In responding to this ToR, the Transaction Advisors are required to note that a separate or distinct fee proposal should be provided for each of the respective functions. It should also be noted that a firm will be appointed for both the Evaluation and Financial Close. Furthermore there will be a need for the teams to collaborate on deliverables such as the final reports.

The Department retains the right to assign the role of coordinator and penholder to one of the teams to ensure the efficient coordination and delivery of the combined evaluation report from the legal advisory team.

Furthermore there will be a need for the team to work collaboratively, as is necessary on deliverables such as the final reports.

3. SCOPE OF WORK

3.1 DRAFTING OF RFP/RFP's

Drafting the Request for Proposals (RFPs) for the GIPPPP will be based on the Concept Note or Notes to be finalised together with the DMRE, IPPO and key stakeholders. Key stakeholders for the GIPPPP will include amongst others TNPA, TRANSNET, CEF and the respective IDZs.

It is anticipated that the RFP will follow previous prepared RFP documents and Project Agreements, following a similar document structure with similar categories of qualification and evaluation criteria adopted for the specific nature of the GASIPPPP. In drafting the RFP, PPA and IA will have to be drafted to interface with and taking cognisance of agreements such as the Terminal Operators and Gas Supply Agreements to ensure a bankable set of documents.

In view of the above, there is a requirement to appoint a team of Economic Development Transaction Advisers to undertake the drafting, review and finalization of the GIPPPP RFPs inclusion of all relevant agreements and to conduct the evaluation and financial close process under the guidance of the IPPO. Below is a list of key aspects that amongst others will be required from the appointed Transaction Advisors. It should be noted that the list is not exhaustive.

This should be informed by, but not limited to, the existing RFP prepared by the IPP Office, as well as economic development criteria stipulated in the procurement documentation of previous procurement programmes (e.g. REIPPPP, coal and gas) or proposed for future GIPPPP bid windows.
 - This should also include a detailed review, recommendations and incorporation of related economic development elements and sub-elements, weights and sub-weights, thresholds and targets, as well as scoring methodology.

- Ensuring that any changes are aligned and applied to all relevant aspects in the RFP, Projects Agreements including but not limited to the Implementation Agreement (IA), Power Purchase Agreement (PPA), and accompanying schedules and templates, including, but not limited to, any calculations, evaluation criteria, concepts and terminology. This includes the drafting of any relevant changes pertaining to the economic development framework not only into the RFP, but also the PPA, IA, and accompanying schedules in order to ensure a set of robust, commercially viable and aligned project agreements.
- Review, develop, update and standardise information and reporting templates in alignment with the economic development aspects and changes to the RFP.
- Review and sign-off of the final RFP and pro forma project agreements, including related schedules and templates as prepared by the lead legal adviser, taking into consideration the inputs as prepared from all transaction advisers, as well as IPP Office comments, Bid Adjudication Committee (BAC) outcomes and any other comments as required.

3.1.2 If required, draft a motivation for the utilisation of a bespoke economic development scorecard for the GIPPPP, instead of the direct application of the generic B-BBEE scorecard of the Department of Trade, Industry and Competition (Dtic), as input to any request for exemption from the B-BBEE Act and/or Preferential Procurement Policy Framework Act (PPPFA).

- 3.1.3 Perform the scope of work and advise on any other relevant aspects pertaining to the economic development framework of the IPPPP as part of a broader transaction adviser team and, in particular, on the incorporation and integration of new approved concepts as formulated and recommended by other members of the multi-disciplinary advisory team.
- 3.1.4 Review, update and enhance, if required, the proposed economic development evaluation criteria, processes and procedures to ensure an effective and cost-efficient evaluation of all aspects and criteria that will ensure a fair and affordable outcome, as well as the effective long term monitoring of the sellers.
- 3.1.5 Provide detailed inputs into the updating and finalisation of the Evaluation templates, incorporating the amendments following from the updated RFP.
- 3.1.6 Draft briefing notes as required, under the overall responsibility of the lead legal adviser, for the period from the release of the final RFP into the market to the date of bid submission, in response to clarification questions received from potential bidders or any other responses required pertaining to the economic development framework of the IPP Office.

- 3.1.8 Engage with stakeholders on the RFP economic development criteria and other issues as may be required, including, but not limited to, the possible effect thereof on investor interest and affordability.
- 3.1.9 All changes related to the economic development qualification and evaluation criteria should be recommended in a manner that is practical and will not adversely affect broader economic growth and socio-economic development in alignment with the growth-enhancing and electricity affordability objectives of government.
- 3.1.10 Provide a report and templates describing in detail the economic development elements, qualification and evaluation criteria of the RFP and recommendations thereto, including, but not limited to, all changes to be affected in the GIPPPP RFP and the rationale therefore.
- 3.1.11 Provide a report and/or inputs to a risk report prepared by the legal transaction advisers, pertaining to the risks associated with the revised economic development framework and mitigation options therefore.
- 3.1.12 The economic development transaction adviser will be guided by the Economics Unit within the IPP Office and the IPP Office RFP Team in delivering on its outputs. The

The basis for the evaluation will be the RFP, the Evaluation Manual and accompanying Evaluation Templates as approved by the Department in managing potential conflict of interest and also in lieu of a potential high number of bid responses, the Transactional Advisers will have to declare and indicate how they will manage potential conflict of interest.

In responding to this ToR, the Transaction Advisors are required to note that a separate or distinct fee proposal should be provided for each of the respective functions. It should also be noted that a firm will be appointed for both the Evaluation and Financial Close.

5 COMPETENCY AND EXPERTISE REQUIREMENTS OF RESOURCES

The Development Bank of Southern Africa (DBSA), with this Terms of Reference, is inviting Technical Transaction Advisers from open market, to provide their resources and pricing in terms of the aforementioned Scope of Work and the Service Level Agreement. Transaction Advisers will not be permitted to sub-contract this work.

This Terms of Reference is being sent to open market.

It is expected that the Technical Transaction Advisers will have the following experience and competencies:

- Thorough knowledge and previous experience of working in the gas sector and on a gas generation power plant.
- Knowledge and understanding of the international and South African power generation sector; and
- Knowledge, experience and proven track record of technical work completed in the gas generation sector.

IPP Programmes should also provide opportunity to emerging firms enabling them to build the required expertise. All tenders are required to include mandatory subcontracting where the successful Tenderer is a well-established firm with previous experience in the IPP Programmes or if the successful Tenderer is not an EME or QSE with a minimum B-BBEE status level 2, as per Section 4(1)(a) and (b) of the PPR 2017, of a minimum of 30% of the value of the contract to the categories as referred to in document. An EME or QSE is at least 51% owned by black people. If applicable, in responding to the TOR, the proposal should be clear on what scope of work will be allocated to the emerging firm.

Any firm of advisors advising the DMRE will be allowed to advise private sector and/or the lenders in the procurement process, provided that the same individuals from firms advising the DMRE on the Programme

will not be used by such firms when advising private sector and/or the lenders. Therefore, a firm participating in this tender should provide the DMRE with its policy to manage potential conflict of interest that may arise from such firm of advisors that are advising both the DMRE and Bidders. This policy should include the measures that will be put in place and applied to manage such conflict of interest.

The Evaluation Team will have to sign Declaration of Interest and Confidentiality Undertakings.

6 KEY DELIVERABLES, TIMELINES AND PAYMENT MILESTONES

The anticipated timeline for the finalization of the Concept Note in quarter two of 2022 and for the RFP to be ready for approval and release to the market by March 2023.

In responding to this TOR, the Transaction Advisors are required to provide a separate or distinct fee proposal for each of the functions specified in the scope of work.

Please note the following guidelines in respect of the fee proposal:

- The fee proposal should cover all three sections outlined in this ToR RFP drafting, Evaluation and Financial Close.
 - The pricing element of the bid should be a fixed fee inclusive of VAT and disbursements.
- The fixed fee should be broken down in cost per deliverable/milestone. Refer to the table included for the payment milestones that are also reflecting the associated weight in terms of pricing.
- **The deliverable on a possible BAFO should be priced separately as it will only be actioned if required. Value for money engagements should however be included in the milestone based work.**
- Ensure that the fee proposal cover all elements as detailed in the scope of work. The detailed scope should be summarized in the payment milestones referred to under previous bullet.
- For purposes of the fee calculations for the evaluation of bid responses:

Please note that the Evaluation will take place in the secure evaluation center at the IPPO building complex.

CERTIFICATE OF INDEPENDENT BID DETERMINATION

- 1 This Standard Bidding Document (SBD) must form part of all bids¹ invited.
- 2 Section 4 (1) (b) (iii) of the Competition Act No. 89 of 1998, as amended, prohibits an agreement between, or concerted practice by, firms, or a decision by an association of firms, if it is between parties in a horizontal relationship and if it involves collusive bidding (or bid rigging).² Collusive bidding is a *pe se* prohibition meaning that it cannot be justified under any grounds.
- 3 Treasury Regulation 16A9 prescribes that accounting officers and accounting authorities must take all reasonable steps to prevent abuse of the supply chain management system and authorizes accounting officers and accounting authorities to:
 - a. disregard the bid of any bidder if that bidder, or any of its directors have abused the institution's supply chain management system and or committed fraud or any other improper conduct in relation to such system.
 - b. cancel a contract awarded to a supplier of goods and services if the supplier committed any corrupt or fraudulent act during the bidding process or the execution of that contract.
- 4 This SBD serves as a certificate of declaration that would be used by institutions to ensure that, when bids are considered, reasonable steps are taken to prevent any form of bid-rigging.
- 5 In order to give effect to the above, the attached Certificate of Bid Determination (SBD 9) must be completed and submitted with the bid:

¹ Includes price quotations, advertised competitive bids, limited bids and proposals.

² Bid rigging (or collusive bidding) occurs when businesses, that would otherwise be expected to compete, secretly conspire to raise prices or lower the quality of goods and / or services for purchasers who wish to acquire goods and / or services through a bidding process. Bid rigging is, therefore, an agreement between competitors not to compete.
