- 16.2 The Bidder is required to provide details of any interests, relationships or clients which may or do give rise to a conflict of interest in relation to the supply of the services under any contract that may result from this RFP. - 17.2 Bids delivered after the Closing Time or lodged at a location or in a manner that is contrary to that specified in this RFP will be disqualified from the Tendering Process and will be ineligible for consideration.

However, a late Bid may be accepted where the Bidder can clearly demonstrate (to the satisfaction of the DBSA, in its sole discretion) that late lodgement of the Bid was caused by the DBSA; that access was denied or hindered in relation to the physical tender box; or that a major/critical incident hindered the delivery of the Bid and, in all cases, that the integrity of the Tendering Process will not be compromised by accepting a Bid after the Closing Time.

- 17.3 The determination of the DBSA as to the actual time that a Bid is lodged is final. Subject to clause 17.2, all Bids lodged after the Closing Time will be recorded by the DBSA and will only be opened for the purposes of identifying a business name and address of the Bidder. The DBSA will inform a Bidder whose Bid was lodged after the Closing Time of its ineligibility for consideration. The general operating practice is for the late Bid to be returned within 5 (five) working days of receipt or within 5 (five) working days after determination not to accept a late Bid.

20.3 The DBSA may permit a Bidder to correct an unintentional error in its Bid where that error becomes known or apparent after the Closing Time, but in no event will any correction be permitted if the DBSA reasonably considers that the correction would materially alter the substance of the Bid or effect the fairness of the Tendering Process.

21. OBLIGATION TO NOTIFY ERRORS

If, after a Bidder's Response has been submitted, the Bidder becomes aware of an error in the Bidders Response (including an error in pricing but excluding clerical errors which would have no bearing on the evaluation of the Bid), the Bidder must promptly notify the DBSA of such error.

PART E

TERMS OF REFERENCE & PROJECT BRIEF

1. INTRODUCTION

The IPP Office (IPPO) is mandated to undertake the procurement of energy on behalf of the Department of Mineral Resources and Energy (DMRE). As such it is the IPPO's responsibility to prepare procurement documentation and run the procurement processes to ultimately select and appoint successful bidders. These bidders (independent power producers [IPP]) are responsible to construct, operate and maintain independent power plants providing much needed power to the South African grid.

2. BACKGROUND

- 2.1 In order to meet the requirement to procure 3000 MW of new generation electricity capacity as set out in the Determination published by the Minister of Mineral Resource and Energy in 2020, the IPPO as the mandated Procurer will be embarking on a Gas Independent Power Producer Programme (GIPPPP).
- 2.2 In view of the above, there is a requirement to appoint a team of Transaction Advisers to:
 - a. Draft, the financial sections of the GIPPPP RFP or RFPs as the case may be under the guidance and management of the IPP Office inclusive of all associated agreements such as the Power Purchase Agreement (PPA) entered into with the Buyer, the Implementation Agreement (IA) entered into with the Department as well as the Direct Agreements.
 - b. The financial Evaluation of the Bids Submitted and
 - c. All financial activities associated with Commercial and Financial close.
- 2.3 For the drafting of the RFP the team of Transaction Advisers will consist of:
 - Legal Advisers;
 - Economic Advisers;
 - Financial Advisers; and
 - Technical Advisers.

GIPPPP is anticipating the establishment of gas importation, regasification infrastructure and gas supply in the Ports of Ngura and Richards Bay by the State with the creating of generation capacity in close proximity of the established infrastructure by the IPPs. The Port of Ngura or Coega has been identified as the starting point. As part of the roll out of the GIPPPP of 3000MW there may be a requirement to develop bespoke RFPs however the decision as to whether a second RFP will be required, the timing and scope thereof will be at the discretion of the DMRE.

2.4 The basic criteria for the formulation of the GIPPPP RFP or RFPs will be:

- A concept note or concept notes prepared by the DMRE that may require further input as part of the process to get sign off from all key stakeholders.
- The procurement of new gas fired generation capacity in line with the requirements of the IRP 2019 and the requirements of the System Operator for balancing of the system and delivery of capacity and energy.
- The procurement of gas fired generation capacity will be required to align and interface with State provided importation and regasification infrastructure and potentially gas supply.
- To achieve a Commercial Operations Date (COD) **as close as possible to August 2027.**
- To procure the capacity on a least cost basis at the most competitive and affordable price, and least regret basis and should not worsen Eskom's (the Buyer) financial position or unduly increase government's contingent liability;
- To support the transition to cleaner energy sources.
- To support the just transition and socio-economic transformation agenda of Government encourage opportunities for black industrialists and support the development of black independent power producers; and
- To facilitate investments in the energy sector, support economic growth, increase job opportunities and support local manufacturing opportunities.

2.5 As in all previous IPP Programmes, the evaluation of bids will be undertaken by an external, independent team of experts representing all required disciplines with a governance expert overseeing and monitoring the evaluation process and procedures. As part of this TOR a team of multi-disciplinary, independent evaluators will be selected to design and undertake the Evaluation of Bids, appointment of Preferred Bidders and all Financial Close activities

associated with the (GIPPPP) Gas Programme in response to the Request for Proposals (RFPs) issued.

Transaction Advisers are required for the following two functions:

- Evaluation: and
- Financial Close.

In view of the above, the team of appointed Transaction Advisers will also assist and support the IPP Office in the Evaluation and Financial Close processes. The team of Transaction Advisers for the Evaluation will consist of:

- Legal Advisers;
- Economic Advisers;
- Financial Advisers;
- Technical Advisers; and
- Governance experts.

The basis for the evaluation will be the RFPs, the Evaluation Manual and accompanying Evaluation Templates as approved by the Department.

In managing potential conflict of interest and also in lieu of the potential high number of bid responses Transactional Advisors will have to declare and manage potential conflict of interest.

In responding to this TOR, the Transaction Advisors are required to note that a separate or distinct fee proposal should be provided for each of the respective functions. It should also be noted that a firm will be appointed for both the Evaluation and Financial Close. Furthermore there will be a need for the teams to collaborate on deliverables such as the final reports.

The Department retains the right to assign the role of coordinator and penholder to one of the teams to ensure the efficient coordination and delivery of the combined evaluation report from the legal advisory team.

3. SCOPE OF WORK

Therefore, a firm participating in this tender should provide the DMRE with its policy to manage potential conflict of interest that may arise from such firm of advisors that are advising both the DMRE and Bidders. This policy should include the measures that will be put in place and applied to manage such conflict of interest.

The Evaluation Team will have to sign Declaration of Interest and Confidentiality Undertakings.

5 DELIVERABLES, TIMELINES, PAYMENT TERMS AND MILESTONES

The anticipated timeline for the finalization of the Concept Note or Notes is April 2023 and for the RFP to be ready for approval and release to the market as soon as possible but by not later than July 2023..

In responding to this TOR, the Transaction Advisors are required to provide a separate or distinct fee proposal for each of the functions specified in the scope of work.

Please note the following guidelines in respect of the fee proposal:

- The fee proposal should cover all sections outlined in this TOR namely RFP

drafting, Evaluation and Financial Close.

- For Each RFP a separate pricing proposal should be submitted. The same for each Evaluation and Financial Close.
- The deliverable of a possible RFQ process should be separately priced as a variable option as it will only be actioned if required.
- For pricing of RFP 2 an assumption can be made that RFP 2 will be fundamentally similar to RFP 1 and that work and effort should not be duplicated.
- The pricing element of the bid should be a fixed fee inclusive of VAT and disbursements.
- The fixed fee should be broken down in cost per deliverable/milestone. Refer to the table included for the payment milestones that are also reflecting the associated weight in terms of pricing.
- **The deliverable on a possible BAFO should be priced separately as it will only be actioned if required. Value for money engagements should however be included in the milestone based work.**
- Ensure that the fee proposal cover all elements as detailed in the scope of work. The detailed scope should be summarized in the payment milestones referred to under previous bullet.
- For purposes of the fee calculations for the evaluation of bid responses:
 - Assume a total of 30 bid responses for Evaluation and 10 Preferred Bidders for Financial Close.
 - Provide a fixed fee per bid, as well as the sum total of the cost for all bids
 - For purposes of Financial close fee calculations:
 - Provide a fixed fee per preferred bidder as well as the sum total of the cost for all preferred bidders.

Work will commence as soon as the appointment is finalized and a purchase order is issued. No work is to be undertaken without a duly authorized purchase order issued by the IPP Office.

Service Providers are required to consider the time allocated for each section under this TOR and ensure that sufficient and key staff is available for the whole period of the assignment.

Please note that the Evaluation will take place in the secure evaluation center at the IPPO building complex.

The Department and IPPO reserve the right to either cancel or replace a deliverable with

another ascircumstances require or to move the timelines as may be required.
