The Department of Electricity and Energy (“the Department”) hereby notifies all stakeholders and prospective Bidders of the following **Important Note**:

#### 1. Project Notification on the Web Portal

In order to notify the IPP Office of any potential bids on the web portal, Bidders are required to navigate to the **Payment** tab on the portal and ensure that:

- Their payment is correctly reflected; and
- The **number of projects** available corresponds with the payment made.

If no payment is reflected, Bidders are required to upload the **original proof of payment** that was submitted on the previous Risk Mitigation website onto the Gas-specific portal.

For detailed guidance, please refer to **Section 2 (page 5)** of the *GASIPPPP Website Training Manual available on the IPP Office Gas Website*.

- Once the IPP Office confirms your payment, the **Number of projects** you can submit will reflect next to the payment.
