

TENDER NUMBER: RFP060/2026

APPOINTMENT OF A PROFESSIONAL SERVICE PROVIDER (PSP) TO PROVIDE TECHNICAL SUPPORT ON PUBLIC TRANSPORT BUS DEVOLUTION PROJECT UNDER NATIONAL TREASURY CITIES SUPPORT PROGRAMME (CSP)

#	QUESTION	RESPONSE
1	<p>We noted that the devolution report has not been uploaded on the Cities Support Programme National Treasury South Africa link. We kindly request that the report be uploaded to the site or, alternatively, shared with us.</p>	<p>The reports have been uploaded under the Knowledge Hub tab.</p>
2	<p>Please note, we are in the process of compiling the above-mentioned Bid submission and would like to request an extension to allow bidders sufficient time to verify, and consolidate relevant technical, financial, and supporting information required for a comprehensive and high-quality submission. This will assist in ensuring the accuracy of proposals, mitigating potential risks, and enable bidders to adequately address the functionality, compliance, and evaluation requirements of the tender.</p>	<p>Closing date has been extended to the 27th July 2026. Refer to Addendum 1.</p>
3	<p>At the Tender Briefing session on Tuesday 30 June 2026 mention was made of the Cities Support Programme (CSP) Devolution Toolkit that can be downloaded from the CSP Website.</p> <p>I have gone onto the CSP Website, National Treasury Website and DBSA Website but I was unable to find the Devolution Toolkit.</p> <p>Please can you assist in this regard, as this document seems to be quite fundamental to the process</p>	<p>The toolkit has been uploaded onto the CSP website under the Knowledge Hub tab</p>

<p>4 Please kindly assist with the following questions:</p> <p>CV Template Format A CV template has been provided for the Project Team; however, the available space within the bid document appears insufficient, particularly in relation to detailing relevant qualifications and project experience. Are bidders permitted to recreate the prescribed CV template on Word, retaining the same format and content requirements, and submit it as an attachment to the relevant section of the proposal?</p>	<p>Yes, bidders are permitted to recreate template but maintain the same subjects.</p>
<p>5</p> <p>Fixed Team vs Alternate Resources</p> <p>Typically, CSP Contracts appoint a specific resource (with the company being the mechanism through which they are appointed). Is the proposed project team expected to remain fixed for the duration of the contract, with only the submitted individuals permitted to undertake the work?</p>	<p>The proposed project team, particularly the key experts, is expected to remain fixed for the duration of the contract. These individuals were evaluated and appointed based on their specific qualifications and experience, and as such, only the submitted key experts are permitted to undertake the associated scope of work.</p> <p>Any substitution of key personnel/experts during the contract period will only be considered under exceptional circumstances (e.g. resignation, incapacity, or unavailability) and must be replaced with an individual of equal or better qualifications and experience, subject to prior approval by the client.</p> <p>Support team members, however, are not subject to the same restriction and may be changed during the course of the project as and when operationally required.</p>
<p>6</p> <p>Stakeholder Engagement Coordination</p> <p>Will DBSA and the CSP facilitate access to and engagements with key stakeholders within National Treasury, the National Department of Transport, and participating metropolitan municipalities, or is the service provider expected to independently initiate and coordinate all stakeholder engagements?</p>	<p>The CSP will facilitate and coordinate access to and engagements with key stakeholders</p>

7	<p>Acceptable Evidence of Experience</p> <p>For purposes of demonstrating organizational experience, are appointment letters, signed contracts, completion certificates, and client reference letters all considered acceptable forms of supporting evidence, or is there a preferred hierarchy of documentation</p>	<p>The mentioned documents are acceptable as supporting documents but bidders must ensure that they also provide the details on the templates provided.</p>
