PART E:

Terms of Reference

**APPOINTMENT OF A SUITABLY QUALIFIED AND EXPERIENCED SERVICE PROVIDER TO UNDERTAKE
A NATIONALLY REPRESENTATIVE PERCEPTIONS SURVEY ON CLIMATE CHANGE AND THE JUST
TRANSITION IN SOUTH AFRICA.**

1. PURPOSE INTRODUCTION

The Independent Power Producer (IPP) Office seeks the services of expert legal advisory professionals (Legal Advisors/law firm) to assist with the review and management of the matters related to Economic Development Obligations and Community Trusts (services).

2. INTRODUCTION

The Terms of Reference are in relation to the provision of legal advisory services for the IPP Office regarding the interpretation and enforcement of Economic Development Obligations as per the Implementation Agreement (IA). The project relates to the interpretation and enforcement of the Renewable Energy Independent Power Producer Procurement Programme (REIPPPP), Bid Window 2, Economic Development Obligations and access to information.

On 09 May 2013, the Seller entered into the Implementation Agreement with the Department of Electricity and Energy (the Department) in relation to the 135MW wind power generation facility located in the north of Gouda, Western Cape (Gouda Wind Farm). In parallel, the Seller entered into a Power Purchase Agreement (PPA) with Eskom Holdings SOC (the Buyer).

The Seller established the Trust to ensure participation of the local community in line with Economic Development Obligations as stipulated by the Department in the IA. The Trust, through a BEE company, was awarded shares out of which distributions would be made for the benefit of the local community. The dividends would be used for the sole purpose of facilitating community development programmes to ensure that benefits, including financial dividends, are equitably distributed among the beneficiaries. The trust owns a 10% stake in Gouda Wind Farm.

On 13 November 2025, the IPP Office addressed formal communication to the Seller and the Industrial Development Corporation of South Africa Limited ("IDC") in which it notified the Seller and the IDC of the appointment of GM Solutions (Pty) Ltd to conduct an investigation into the allegations relating to Gouda Community Trust mismanagement (the "First Request for Information"). The IPP Office requested information regarding the financial management of the Trust and the parties' full support and cooperation to ensure the successful and efficient completion of the investigation.

On 17 November 2025, the Seller responded to the First Request for Information by stating that the Trust is an indirect shareholder in the Seller, and the Seller has no involvement in the administration or operation of the Trust. Accordingly, that the Seller is not in possession of the information requested in relation to the Trust.

On 3 February 2026, the Seller received a letter from the IPP Office (the "Second Request for Information") in which the IPP Office requested the Seller to comply with the request for information in relation to the Trust

and that failure and/or refusal to do so would be considered as a breach of the Implementation Agreement. The Seller responded by stating that it has no obligation to provide such information and denying all allegations that it is in breach of its ED obligations under the IA.

The Seller insists that it has fulfilled its ED Obligation insofar as it relates to ownership in the Project Company based on the provisions of the IA. The position of the Seller is to the effect that the Trust is an indirect shareholder in the Seller and its 10% shareholding sufficiently satisfies the Seller's ownership obligation in relation to the Local Communities under Schedule 2 of the IA. In essence, the Seller has distanced itself from any obligation to provide information related to the Trust in respect of the ongoing forensic investigation. It is on the aforementioned basis that the IPP Office requires the services of Legal Advisors.

This Terms of Reference calls for proposals from Legal Advisors to assist with the review and management of the matters related to Economic Development Obligations and Community Trusts (services).

3. BACKGROUND

The IPP Office has been mandated by the Department to implement IPP Procurement Programmes for the establishment of new generation capacity procured from the private sector. The IPP Procurement Programme has been running for over 16 years.

In terms of a Memorandum of Agreement (MoA) entered into between the Department, the National Treasury and the Development Bank of Southern Africa (DBSA), the Independent Power Producers' (IPP) Office is established as a specific and specialised project office hosted by the DBSA. The IPP Office is not a juristic entity but relies on the DBSA to support its operational requirements, including human resources, financial payments and supply chain management.

The IPP Office's responsibility in terms of its mandate is to prepare procurement documentation and manage the procurement processes to ultimately select and appoint successful bidders through a series of procurement rounds (also referred to as bid windows) in alignment with the relevant electrical capacity allocations stipulated in the promulgated Integrated Resource Plan for Electricity (IRP) and associated Ministerial Determinations. The IPPs are responsible to construct, operate and maintain independent power plants, providing much needed electrical power to the South African grid. The IPP Office therefore secures electrical energy from renewable and non-renewable energy sources from the private sector as a means of diversifying South Africa's electricity mix, whilst supporting the security, reliability and affordability of national electricity supply and contributing to broader social and economic development objectives. The IPP Office further has the mandate to contract manage and monitor the implementation of the obligations made in Implementation Agreements between the Department and Sellers.

In terms of the aforementioned MoA, DBSA procures and appoints service providers to support the Department and IPP Office in the formulation and undertaking of the procurement process of IPP Office projects and IPP Procurement programmes, as well as to support the business operations of the IPP Office.

4. SCOPE OF WORK

Legal representation including but not limited to arbitration, litigation, judicial review, alternative dispute resolution, legal enquiries and investigations, where required.
- Efficiently manage the subject matter until finalization and provide any reports as requested by the IPP Office.

The Legal Advisor will be required to ensure that at least one (1) team member is available to be on site at the IPP Office to make any presentations that require a face-to-face meeting, should it be required. The team lead, or a nominated alternative, will be required to attend meetings as indicated in advance by the IPP Office.

The acceptable Professional indemnity insurance will be from the Legal Practice Council, such as the Fidelity Fund Certificate.

Professional Registration: Professional registration is required for the Team Lead. The Team Lead must be registered with the Legal Practice Council in terms of the Legal Practice Act and must submit a valid certificate of registration.

Failure to provide proof of professional indemnity insurance and professional registration will result in the Bid Proposal being considered as non-responsive.

6. REQUIREMENT FOR PROCUREMENT

Request for Quotations and subject to successful conclusion of the Service Level Agreement issued by the DBSA.

7. CONFLICT OF INTEREST DECLARATIONS

Due to the nature of the public procurement process, and limited capacity available in the market, all IPP Procurement Programme bid windows have a specific requirement for ring fencing of advisors. Therefore, bidders must ensure the establishment of appropriate governance arrangements within their firms, so that:

- i. Proposals submitted for advisory services may not be in a category of technology in which such individual within a firm is providing professional services to a potential bidder in the procurement round, in any capacity whatsoever, without appropriate governance arrangements being implemented and being effective. However, firms may use “Chinese walls” in order to ring-fence the services of any such conflicted individuals and, so as to allow the firms, but not the individuals, to offer advisory services to both the Department and to potential IPP, lenders, and contractors etc.
- ii. Bidders must declare their conflicts in their bid proposals for the Department to note and to be aware of in the allocation of the work.
- iii. Failure to disclose any conflict of interest and or failure to agree to or show in detail how the required separation of functions will take place may result in a bid being rejected.
