11	Professional Indemnity for the sum of R10,000,000.00 (Ten Million Rand) per claim in respect of Contractors design liability, with no limit on the number of claims.	48 hours
12	The bidder to provide a written confirmation of location of the manufacturing facility , where the availability of parts and capacity to manufacture can be validated in person / physically. Note: The DBSA reserves the right to conduct site visits for verification purposes.	48 hours

Note: the 48 hours start from the time and date of communication issued by the DBSA.

Stage 2 : Functional Evaluation

The allocation of points for the evaluation of quality/functionality is set out in the table below:

No.	Criteria	Min. Points	Max. Points
1	Technical solution compliance	12	20
2	Key staff to be deployed	18	30
3	Reference installations / prior tested operating evidence	18	30
4	Work plan and methodology	12	20
Total evaluation points for functionality		70	100

The evaluation process to be applied in the **Functional Evaluation** of tenders:

- The BEC will do **Individual** scoring and the scores will be summarised in a consolidated document.
- Bidders must score a min. total of 70 points out of a possible 100 as per above table must be achieved, to be assessed for the next evaluation stage.
- In addition to the minimum total score above, bidders must achieve a minimum of 12 points out of 20 or 18 points out of 30, respectively, in each criterion listed above. Failure to achieve the minimum score in any one criterion will result in the bidder not proceeding to the next stage of evaluation.
- Bidders are required to have, as a minimum, **at least two** of the evidence requirements under each sub criterion for criterion 1 and 4 (as per subsequent tables) adequately addressed and required to submit a complete organogram as criterion 2. Failure to achieve this minimum requirement in any *one sub-criterion* will result in the bidder not proceeding to the next stage of evaluation.

Functionality scoring will be based on the completed evaluation schedules and supporting evidence submitted by the bidder in Volume 2.

Score Breakdown:

Criterion 1: Technical solution compliance (20 points – See T2.1.20.A in Volume 2, Tender Returnables)

Each sub-criterion below shall be scored as follows:

Each sub-criterion below shall be scored as follows:

0 points = Poor / Non-responsive: Two or fewer of the five evidence requirements are addressed, or the proposed approach is materially inconsistent with the Scope of Work.

3 points = Satisfactory: Three or four of the five evidence requirements are adequately addressed.

5 points = Excellent: All five evidence requirements are adequately addressed by system-specific or project-specific information.

Sub-criterion	Description	Max. Points
1.1	Closed-loop operation: the Tenderer shall demonstrate: (i) a quantified water balance identifying wastewater received, treated water produced, recycled flushing water and potable make-up water; (ii) the proposed treated-water reuse arrangement for toilet flushing; (iii) sizing and operating philosophy for potable and recycled-water storage; (iv) separation/protection of potable and recycled-water systems and management of abnormal or low-water conditions; and (v) metering and monitoring of potable make-up and recycled-water volumes.	5
1.2	Sludge Management: The Tenderer shall demonstrate: (i) the estimated type and quantity of sludge/residual waste generated; (ii) proposed sludge minimisation and/or treatment process; (iii) sludge/residual storage and safe handling arrangements; (iv) anticipated removal frequency and method; and (v) the proposed compliant off-site disposal/reuse route, including any stabilisation, inerting or pasteurisation proposed.	5
1.3	Effluent and nuisance compliance: The Tenderer shall demonstrate: (i) how the proposed process will achieve each specified treated-effluent/reuse-water parameter; (ii) performance over the specified operating/loading range, including variable communal loading; (iii) sampling and monitoring arrangements; (iv) measures for prevention/control of odour, flies, spills, overflows, cross-connections and unsafe exposure; and (v) process controls and corrective actions applicable during treatment upsets or non-compliance.	5
1.4	Operability and maintainability and resilience of the proposed system: The Tenderer shall demonstrate: (i) automation, HMI, alarms and remote-monitoring functionality; (ii) safe access, isolation and maintainability of principal equipment; (iii) provision for power interruption and other critical utility/process failures; (iv) availability and replacement strategy for critical spares and consumables; and (v) inherent system provisions for maintaining safe operation during load variation, equipment failure or maintenance.	5

Criterion 2: Key staff to be deployed (30 points – See T2.1.20.B: in Volume 2, Tender Returnables)

Only named personnel committed to the project and supported by signed CVs and project references shall be scored.

Sub-criterion	Scoring band	Poi nts
2.1	Project Leader	
	0 projects decentralized sanitation or similar implemented	0
	5 projects decentralized sanitation or similar implemented	5
	10 or more projects decentralized sanitation or similar implemented	8
2.2	Process/Design Engineer/Technologist (Professionally Registered)	
	0 projects supported for decentralized sanitation or similar	0
	5 projects supported for decentralized sanitation or similar	5
	10 or more projects supported for decentralized sanitation or similar	8
2.3	Mechanical/Electrical Engineer/Technologist (Professionally Registered)	
	0 projects supported for decentralized sanitation or similar	0
	5 projects supported for decentralized sanitation or similar	5
	10 or more projects supported for decentralized sanitation or similar	8
2.4	Part-time Construction Health and Safety Officer (CHSO SACPCMP)	
	Not registered	0
	0 to 3 Years experience post registration	3
	3 to 5 Years experience post registration	6

Experience must be clearly relevant to decentralized sanitation or similar.

CVs must identify the individual's role on comparable projects.

Generic CVs with no project-specific evidence or lack of professional registration shall score zero for the affected sub-criterion.

Criterion 3: Reference installations / relevant company experience (30 points – See T2.1.20.C: in Volume 2, Tender Returnables)

This criterion measures proven completed implementation and operating evidence in the intended context, namely informal settlements in South Africa. At least 50% of the provided reference installation must include associated O&M. If less the scores will be adjusted accordingly.

Number of qualifying reference installations / tested operating references in informal settlements in South Africa	Points
Fewer than 3	0
3 to 7	21
8 to 10	30

For a reference to count, the Bidder must provide at least:

- settlement name and province;
- client / employer;
- technology supplied;
- indicative plant capacity;
- implementation status;
- contactable reference; and
- evidence of operation, testing, or successful implementation in a South African context.

Criterion 4: Work plan and methodology (20 points – See T2.1.20.D: in Volume 2, Tender Returnables)

Each sub-criterion below shall be scored as follows:

0 points = Poor / Non-responsive: Two or fewer of the five evidence requirements are addressed.

3 points = Satisfactory: Three or four of the five evidence requirements are addressed.

5 points = Excellent: All five evidence requirements are addressed.

Sub-criterion	Description	Max. Points
4.1	Implementation methodology with the following evidence submitted: (i) Design finalisation and technical submission/approval process. (ii) Procurement and management of long-lead equipment/materials. (iii) Management of interfaces with civil works by others, including provision and verification of builder's-work/interface information. (iv) Delivery, installation, site establishment and coordination methodology. (v) High-level programme showing the logical sequence, key milestones, dependencies and responsibilities from award through commissioning.	5
4.2	Commissioning and handover methodology: (i)Pre-commissioning inspection and testing methodology. (ii)Wet commissioning and integrated testing of process, mechanical, electrical, control, alarm, power and reuse systems. (iii) Process stabilisation and operational-readiness/performance-proving methodology. (iv)Training and knowledge-transfer approach. (v)Handover documentation, including O&M manuals, as-builts, commissioning records, equipment data, spares information and snag/defect close-out.	5
4.3	Initial O&M methodology: (i)Routine operating arrangements, including operator attendance, inspections, operational checks and alarm response. (ii)Preventative and corrective maintenance methodology and maintenance scheduling. (iii)Breakdown and emergency-response arrangements, including personnel, escalation and restoration to service. (iv)Monitoring and reporting arrangements, including remote monitoring, water-quality monitoring, water/energy consumption, faults, downtime and monthly reporting. (v)O&M resourcing and logistics, including personnel responsibilities, consumables, critical spares and specialist support.	5
4.4	Site-specific delivery and risk methodology: (i)Identification and management of relevant site-access, space, existing-service and construction-interface constraints. (ii)Community/stakeholder engagement methodology for pre-construction, construction, commissioning and operation. (iii)Health, safety and public-protection arrangements appropriate to works within occupied informal settlements. (iv)Vandalism, theft and security risk management for plant, equipment and completed facilities. (v)A project/site risk register identifying key implementation risks,	5

mitigation measures, responsible parties and escalation/contingency arrangements.

Stage 3: Financial Offer and Preference Evaluation

With reference to the PPR 2022, the evaluation shall be based on the Principle and the points for evaluation criteria as follow:

Evaluation Criteria		Points Threshold	Points Threshold	Tick if selected ☐
1.	Price	80	90	(Where it is unclear which preference point system will be applicable, either the 80/20 or 90/10 preference point system will apply, and the lowest acceptable tender will be used to determine the applicable preference point system).
2.	Specific Goals (namely, BBBEE status level of contributor)	20	10	
3.	Total	100	100	100
Applicable RFP		RFP092/2026	N/A	N/

Stage 3: Risk Analysis and Objective criteria

In addition to the financial offer and preference evaluation, the Tenderers having the highest ranking / number of points, will additionally be reviewed against the following points listed as “**Other Objective Criteria**” in terms of the PPR2022, in order to ascertain suitability for award – we reserve the right to clarify any aspects listed hereunder where applicable.

- i. The tenderer will again be checked in terms of having a Compliant Tax Status at time of recommendation to confirm that the status has not changed, based on an active and Tax Complaint Pin issued by the South African Revenue Services.
- ii. Fully compliant and registered with the National Treasury Central Supplier Database.
- iii. No misrepresentation in the tender information submitted.
- iv. The tenderer or any of its directors/shareholders is not listed on the Register of Tender Defaulters in terms of the Prevention and Combating of Corrupt Activities Act of 2004 as a person prohibited from doing business with the public sector; and
- v. The tenderer has completed the Compulsory Enterprise Questionnaire and there are no conflicts of interest which may impact on the tenderer's ability to perform the contract in the best interests of the employer or potentially compromise the tender process and persons in the employ of the state are permitted to submit tenders or participate in the contract.
- vi. Convicted by a court of law for fraud and corruption.
- vii. Removed from a contract between them and any organ of state on account of failure to perform on or comply with the contract.
- viii. The DBSA reserves the right to make a decision on contract award based solely on the information received in the responses to this RFP. The DBSA also reserves the right to use relevant information not contained in

- any tender but which, in the ordinary course of business, is within the knowledge of any employee or Board member of DBSA or its advisors, agents or representatives for the purposes of making its decision.
- ix. Any bidder who has had a tender award terminated by the DBSA for non-performance during the 18 months preceding the closing date of this RFP, may at the discretion of the DBSA, be excluded from recommendation for further under this RFP. In addition, any bidder who has received a written notice of non-performance in the 12-month period preceding the award of this RFP, may at the discretion of the DBSA, be excluded from recommendation for further awards until the non-performance, or the circumstance giving rise to the non-performance, has been remedied to the satisfaction of the DBSA.
 - x. Financial health of the bidder may be assessed if deemed necessary, to ensure that the service provider will be able to operate as per required deliverables (Ratios: Accounts Receivable & Payable Turnover, Liquidity & Solvency).
 - xi. Unduly high or unduly low Tendered rates in the Tender offer. In this regard, a financial risk analysis will be performed to verify that the costs are reasonable and balanced. Tenders may be disqualified if tendered rates are found to be distorted. The market average of received bid prices excluding Outliers, as well as the DBSA QS estimate will be used as a guide to indicate financial risk (CIDB Inform Practice Note #5).
 - xii. PEP Check and Procure Check to be initiated and if negative, may result in exclusion.
 - xiii. Online verification of the Professional Registration Document will be actioned only to confirm the authenticity of the document.
 - xiv. The DBSA reserves the right to request a bidder to provide formal documented evidence within 48hrs (independent from bidder, e.g. employer), to prove authenticity of the documents and its content, failing which will result in bid being deemed non-responsive. Such evidence must include a contactable reference via email and telephone.
 - xv. The DBSA reserves the right to further action an authenticity verification of the documents and content, through contacting the representing employer/s and/or contactable reference.
 - xvi. A check against any other requirement as stipulated in the **Additional Conditions of Tender**.
 - xvii. Use of adherence to the stipulated requirement of as Objective Criteria.

C.3.11.1 The financial offer may be reduced to a comparative basis using the Tender Assessment Schedule.

C.3.17 The number of paper copies of the signed contract to be provided by the employer is **one (1)**.

Below **Subcontracting Clause** applicable to this process:

YES ☒ NO ☐

1. Application of Subcontracting as an *Objective Criteria*:

Additional information to subcontracting requirement:

- i. It is the responsibility of the tenderer to select competent subcontractors that meet all the requirements of the tender. The fact that the DBSA/Employer may make a list of potential subcontractors available as registered on the National Treasury CSD or on a DBSA Client database does not result in any liability of the DBSA/Employer or a warranty that the listed suppliers are competent.
- ii. Subcontractors may not be allocated work which contradicts any regulations, regulatory body and/or compliance requirements relevant to the work being sub-contracted for i.e., requirements by CIDB Regulations, accreditations, and registrations to professional / regulatory institutions in the case of professional services etc.
- iii. The lead tenderer will be responsible for all due diligence on the selected subconsultants and will be held liable for any non-performance.

- v. The successful tenderer is to provide formal proof of the subcontracting arrangement/s (Signed/ Proposed Subcontracting Agreement(s)), also stipulating the percentage and equivalent Rand value being subcontracted once appointed – Conditional Appointment Letter.
- vi. The successful tenderer is to provide the following documentation for each of the relevant subconsultants, as a minimum, in support of the Signed/ Proposed Subcontracting Agreement(s) when appointed – Conditional Appointment Letter:

Supporting Documents to Subcontracting Agreement/s

Certified Copy of valid B-BBEE Certificate/ Affidavit.

Copy of valid/ active CIDB registration in the case of construction work.

Copy of valid/ active registration to application regulatory institutions (where stipulated) in the case of professional services work.

A valid and active Tax Compliance Status Pin issued by SARS.

Submission of National Treasury Central Supplier Database (CSD) Summary Report.

Note: It is incumbent and expected that the Tenderer will apply the same due care and diligence in selecting and managing its sub-consultants / joint venture partner as would have been the case in their own appointment.

- i. The DBSA intends to award multiple bidders and reserves the right to award the full scope to one bidder or split the scope to several bidders.
- ii. The offer of award will be informed by the most suitable project grouping to complete all project sites, considering Product Availability, Site Completion Timeline and Value for Money.
Product Availability = Quantum of product available in shortest time.
Site Completion Timeline = Period in which the most sites can be completed.
Value for Money = Improved total cost.
- iii. The DBSA reserves the right to disqualify a tenderer with unrealistic price offers.
- iv. The DBSA reserves the right to negotiate to ensure the value for money principle is not compromised.
- v. The DBSA reserves the right to award the scope in full or part thereof, subject to budget availability.
- vi. The DBSA reserves the right to increase or decrease the required quantum of sites as stipulated in the RFP.
- vii. In the event of a partial award, the DBSA reserves the right for items excluded from the award, to be retendered in a new tender process.
- viii. Bidders who decide to source additional technologies from the National or International market to alleviate their manufacturing timelines, must ensure the Tender Specifications and its standards are met in full.

Additional Conditions of Contract:

- i. The contract duration towards commissioning is up to **12 Months** from the date of site handover.
- ii. Operation and Maintenance Period: up to **12 Months** after Practical Completion.
- iii. Upon allocation of works, applicants are to ensure that they have adequate resources to undertake the work under stringent timeframes.
- iv. Upon allocating works, the bidders are required to consider the role of the other professionals who might be involved in the project.
- v. Advance Payments are subject to valid and compliant Advance Payment Guarantees.

The following circumstances may deem a bid invalid if not addressed:

- a) If the tender offer is not submitted on the Form of Offer and Acceptance bound into this tender document (form C1.1, Part C1: Agreements and Contract Data);
- b) If the tender is not completed in non-erasable ink;

- c) If the Form of Offer and Acceptance has not been signed, or priced;
d) If the Form of Offer and Acceptance is signed, but the name of the tenderer is not stated or is indecipherable.
e) If each of the Items in the Price Schedule/ BoQ/ Pricing Document is not priced, or left blank.

Negotiations with preferred tenderers

The Employer may negotiate the final terms of a contract with tenderers identified through the competitive tendering process as preferred tenderers, provided that such negotiation:

- a) does not allow any preferred tenderer a second or unfair opportunity;
b) is not to the detriment of any other tenderer; and
c) Does not lead to a higher price than the tender as submitted.

Minutes of any such negotiations shall be kept for record purposes.

The following documents are relevant to this Tender when referenced in Volume 1-3 and Tenderers are advised to obtain their own copies thereof:
